The best thing to do is set up a meeting with John Lewis - CAU falls under him. I
believe I talked with him about this when it first arose.

I sent this email awhile ago, to deal with the situation of CAU isuing NSLs in
emergency situations. I don't believe I've heard any feedback. And the issue is,
assuming everyone thinks this is a good idea [　　　　　　　　　　　　　　　　　　　]

About two months ago, we discussed the fact that CAU gets emergency requests to get
telephone information on phone numbers, gets the information, and then has to do an NSL
to justify getting the information. As it is now, it sends a lead to either the field
or ITOS I or II to do the NSLs, but that rarely happens. So we agreed to provide [　　]
and [　　] and [　　] who would respond immediately to ECs from CAU and get NSLs out
ASAP.

The issue arose as to [　　　　　　　　　　　　　　　　　] As you may
remember, we agreed that we would look at a proposed solution [　　　　　　　　　]
