

This supplemental report lists the agencies that appear in the 2010, 2011 and 2012 Office of Air and Marine Assistant Commissioner's Daily Reports in the responsive documents sent to EFF. CBP's UAS program either provided support to these agencies, or coordinated or collaborated with these agencies during the UAS operations in the responsive documents. The lists are separated by year, and state the number of times in which the agencies were supported, coordinated with, or collaborated with during UAS operations nationwide. This list is only reflective of the agencies documented in the responsive reports; because of the unique nature of the UAS program, multiple missions supported, and changes in CBP data management systems, additional instances of support conducted may not be reflected in this list.
