(U//~~FOUO~~) Question (Q): Timing to completion? Answer (A): Comments by PCC members are due to the NSC by 1600 on 18 April, and changes would be incorporated before the CSC PCC on 22 April. Any further changes would have to be quickly incorporated. It's possible that a paper DC and paper PC would follow for formal plan approval; otherwise it would be submitted for staffing to obtain the signatures of the responsible seniors (the Secretaries of State, Defense, and Homeland Security, the Attorney General, and the DNI). The plan is due 7 May.
