Executive Summary

The Attorney General's Electronic Interceptions Report 2011, is issued in compliance with Penal Code section 629.62 and can be referenced on the Attorney General's website at <http://ag.ca.gov>.

Table 1 reflects that 21 California counties conducted wiretaps in 2011, resulting in a total of 697 electronic interception orders. The electronic interceptions resulted in 697 arrests and 193 convictions thus far, with the majority of the arrests and convictions arising from narcotics offenses.

Table 2 contains a description of the targeted offense, the location of the intercept, and the device intercepted.

Table 3 sets forth the number of electronic interception orders and extensions applied for in 2011, the average length of the interceptions, and the court activity resulting from the electronic interceptions.

Table 4 describes the communications obtained. It also sets forth comments by law enforcement on the usefulness of the electronic interception and the evidence obtained. The comments overwhelmingly underscore the importance of electronic interceptions as a crime fighting tool.

Table 5 contains the date of compliance with the inventory order and the number of inventory notices sent. It also lists the name of the applicant and the judge authorizing the interception.

Table 6 compiles the costs of the interception, which are broken down by the nature and quantity of personnel used and resource cost. This table also shows the total costs by county, as well as the aggregate state cost of electronic interceptions.

Table 7 lists the jurisdictions reporting no electronic interception activity during 2011.

Table 8 provides a supplemental report on arrests, convictions, costs, and trials that were not previously reported.

If you have any questions or comments about this report, please contact the Criminal Law Division of the Attorney General's Office at (916) 324-5267.

Imperial (cont'd)	2011-IM-22	25	8,461	19	81	This wiretap was necessary to begin to identify the narcotic proceeds transportation side of a DTO operating in Imperial and San Diego counties, CA. As a result of this wiretap, members of this organization were fully identified as being part of a conspiracy to traffic and distribute narcotics. Agents were able to make multiple arrests and money seizures related to this investigation.
	2011-IM-23	206	8,939	12	88	This wiretap was necessary to begin to identify the narcotic proceeds transportation side of a DTO operating in Imperial and San Diego counties, CA. As a result of this wiretap, members of this organization were fully identified as being part of a conspiracy to traffic and distribute narcotics. Agents were able to make multiple arrests and money seizures related to this investigation.
	2011-IM-24	94	12,577	9.7	90	Numerous investigative leads and coconspirators identified. Interception of this target telephone number has yielded four seizures of narcotics, which included 46 kilograms of cocaine, 15.4 kilograms of heroin, and 1.2 kilograms of methamphetamine. It is anticipated the following months of intercepts will yield more seizure, more arrests, and provide additional evidence to fully prosecute the cases to be filed.
	2011-IM-25	289	27,690	11	89	Numerous investigative leads and coconspirators identified. Interception of these target telephone numbers has yielded seizures of narcotics and bulk currency, which included 46 kilograms of cocaine, 1.2 kilograms of methamphetamine, 15.4 kilograms of heroin, \$102,440 USD bulk currency, and two arrests.
	2011-IM-26	387	25,199	17	83	Numerous investigative leads and coconspirators identified. Interception of these target telephone numbers have yielded two seizures of narcotics which include eight kilograms of cocaine and 15.5 kilograms of methamphetamine, and two arrests. It is anticipated that the continued interception will lead to further seizures and the identification of coconspirators.
	2011-IM-27	99	6,818	11	89	Numerous investigative leads and coconspirators identified. Interception of this target telephone number has yielded seizures of narcotics and bulk currency, which included 15.5 kilograms of methamphetamine. One arrest was made.
	2011-IM-28	161	15,987	15	85	Numerous investigative leads and coconspirators identified. Interception of these target telephone numbers have yielded two seizures of narcotics and bulk currency, which included 24 kilograms of cocaine and \$66,000 USD of bulk currency.

Imperial (cont'd)	2011-IM-29	344	13,579	11	89	These intercepts helped to penetrate, disrupt, and dismantle the smuggling operation, which is currently importing methamphetamine, cocaine, and marijuana into the United States. The intercepts have helped to identify, and will enable the prosecution of, the principle members of the smuggling organization. The intercepts have helped to identify the locations, ownership, and methods of concealment of assets and properties acquired by the members of this organization. Since March 2011, Special Agents assigned to this investigation have made 20 seizures resulting in the seizure of 213 kilograms of cocaine, 15.4 kilograms of heroin, and 148 pounds of methamphetamine, and approximately \$713,000 in bulk US currency.
	2011-IM-30	172	12,046	9	91	Numerous investigative leads and coconspirators identified. This wiretap was necessary to begin to identify the narcotic transportation side of a DTO operating in Imperial County, CA. As a result of this wiretap, members of this organization were fully identified as being part of a conspiracy to traffic and distribute narcotics. Agents were able to make multiple arrests, narcotic and money seizures related to this investigation.
	2011-IM-31	116	11,404	10	90	Numerous investigative leads and coconspirators identified. Interception of this target telephone number has yielded five seizures of narcotics and bulk currency, which included 93.75 kilograms of cocaine, 42 pounds of methamphetamine, \$485,330 USD of bulk currency, 13 firearms. Ten arrests were made.
	2011-IM-32	274	10,323	12	88	Numerous investigative leads and coconspirators identified. Interception of this target telephone number has yielded five seizures of narcotics and bulk currency, which included 93.75 kilograms of cocaine, 42 pounds of methamphetamine, \$485,330 USD of bulk currency, 13 firearms. 	2011-IM-37		9,227	8	92	Although the intercepts provided some information about the activities and structure of a DTO operating out of Mexicali, Mexico and through the Imperial County Ports of Entry, the information gleaned wasn't specific enough to be actionable and did not lead to arrests or seizures. In January 2012, a narcotic load driver, who was arrested at a Border Patrol checkpoint, identified one of the target subjects from this wire investigation as a contact/coordinator. The investigation will be resumed, and if necessary, agents will seek authorization to intercept the relevant target telephones.

Kern	2011-KE-14	24	912	12	88	During this wiretap, investigators identified a kilogram-quantity distributor of cocaine in the Bakersfield CA area, and likewise identified two of distributor's narcotics sources of supply. At the conclusion of this wire investigators seized one kilogram of cocaine and approximately \$25,000 from distributor. Agents from the DEA Bakersfield resident office then initiated investigations into distributor's sources of supply. These investigations culminated in wiretaps as well.
	2011-KE-15	32	2,134	77	23	This investigation confirmed that known gang members were trafficking narcotics in our local area to unknown persons. Using the wiretap, law enforcement was able to identify several members of criminal street gangs that were involved in the conspiracy. The main target dropped its phone during the course of the wire tap but not prior to law enforcement officers identifying a viable source of supply, which led to a spin-off wire tap, and leads being passed to local agencies. The target and several coconspirators were eventually arrested and several search warrants and additional arrests were made on a spin-off wire.
	2011-KE-16	6	102	30	70	This wiretap investigation was utilized to solve a cold murder case from 2004. At the conclusion of this wiretap, one suspect was arrested and as of January 2011, a plea agreement has been reached for the suspect to take law enforcement to the location where he disposed of the victim's body.
	2011-KE-17	10	81	65	35	During this wiretap, investigators identified a multi-kilogram-quantity distributor of cocaine based in the Bakersfield CA area. Investigators intercepted several phone calls between distributor and his source of supply for methamphetamine who was based in Mexico. During these calls it became evident to investigators that distributor was working for the source of supply in Mexico to import and distribute methamphetamine in the Kern County area. Distributor discontinued use of the target telephone and investigators terminated this wiretap.

Kern (cont'd)	2011-KE-18	182	2,074	23	77	This investigation confirmed that members of a DTO were trafficking narcotics in our local area. Using the wiretap, law enforcement was able to identify several sources of supply of cocaine, methamphetamine and marijuana. During the first phase takedown, search warrants were executed at three locations resulting in the seizure of marijuana plants, methamphetamine, and three arrests. A search warrant/arrest was not executed on the main wire target, as a lead has been passed on for his source of supply that resulted in a Federal T-3. Lab results came back for the methamphetamine and tested 100% pure d-methamphetamine hydrochloride, consistent with high quality methamphetamine made in Mexican super labs.
	2011-KE-19	5	275	41	59	During this wiretap, investigators identified a multi-kilogram-quantity distributor of cocaine based in the Bakersfield CA area. Investigators intercepted calls between distributor and his source of supply for methamphetamine who was based in Mexico. Distributor was directed to collect narcotics proceeds and deliver the proceeds to a business located in the Los Angeles area. Investigators also identified distributor's primary narcotics runner as well as a stash location for methamphetamine. During a surveillance operation, distributor discontinued the use of the target telephone and left the Bakersfield area. Investigators executed search warrants on the stash location and distributor's primary residence. These search warrants resulted in the seizure of approximately nine pounds of methamphetamine and approximately \$50,000. Distributor was never arrested.
	2011-KE-20	182	2,074	23	77	This investigation confirmed that members of a DTO were trafficking narcotics in our local area. Using the wiretap, law enforcement was able to identify several sources of supply of cocaine, methamphetamine and marijuana. During the first phase takedown, search warrants were executed at three locations resulting in the seizure of marijuana plants, methamphetamine, and three arrests. A search warrant/arrest was not executed on the main wire target, as a lead has been passed on for his source of supply that resulted in a Federal T-3. Lab results came back for the nine+ pounds of methamphetamine and tested 100% pure d-methamphetamine hydrochloride, consistent with high quality methamphetamine made in Mexican super labs.

Los Angeles	2011-LA-215	40	8,957	12	88	
	2011-LA-216	12	585	8	91	Information from wire intercept will be utilized to establish probable cause in double murder case against suspect.
	2011-LA-217	5	123	20	80	Intercepted communications will be used to indict all subjects identified.
	2011-LA-218	70	2,263	2	98	The investigation is ongoing and entering a second phase. Currently, we are attempting to obtain a Title III Order for individuals responsible for smuggling and distributing quantities of drugs to Los Angeles County based distributors. The same individuals were responsible for furnishing drugs to individuals arrested in the first phase of the operation.
	2011-LA-219	172	19,068	17	83	The target subjects were arrested with four kilograms of cocaine. Charges are pending. This investigation continues.
	2011-LA-220	0	3	0	100	This investigation continues.
	2011-LA-221	35	1,336	13	87	The interceptions directly connect targets to each other and to drug activity which is significant for prosecution.
	2011-LA-222	40	2,359	6	94	Interceptions allowed investigators to infiltrate a Mexico-based money-laundering operation and provided additional information as to the targets' roles and bulk cash movement from the United States to Mexico. This investigation continues to pursue the Mexico targets.
	2011-LA-223	18,000	26,308	3	97	Ongoing investigation.
	2011-LA-224	56	1,200	29	71	Agents intercepted numerous telephone calls between the target and his narcotics costumers, as well as his narcotics sources of supply. Agents will use this information, along with any new information gathered, to fully identify those narcotics customers and sources of supply, in order to make future arrests and seizures.
	2011-LA-225	16	181	11	89	This investigation continues.

Los Angeles (cont'd)	2011-LA-226	41	22,209	1	99	Wiretap orders were requested and obtained to help gather information and statements on an unsolved 2009 murder investigation of an 18-year-old male, as well as, in part of, five additional gang related murders and gang activity investigations. Prior to the wire request, little to no information was available on these cases that would have lead to an arrest or conviction. As of this date, several gang-committed robbery and residential burglary investigations have been solved and numerous hand guns have been taken off the streets. In addition, the identity as well as incriminating statements of five murder suspects have been obtained.
	2011-LA-227	10	5,725	1	99	Wiretap orders were requested and obtained to help gather information and statements on an unsolved 2009 murder investigation of an 18-year-old male, as well as, in part of, five additional gang related murders and gang activity investigations. Los Angeles (cont'd)	2011-LA-233	50	1,680	15	85	Currently the investigation is ongoing and there have been no arrests. Agents seized three kilograms of cocaine that were destined for England. Agents contacted DEA in England to arrange an International Controlled Delivery. Once all coconspirators have been identified, arrests will be forthcoming.
	2011-LA-235	43	4,098	8	92	Ongoing investigation.
	2011-LA-236	133	2,463	40	60	Interception of the target telephone(s) was important to identify individuals in the organization, stash-house locations, methods of operation, and location of other sources of supply.
	2011-LA-237	21	943	16	84	The wiretap led to the seizure of 47 kilograms of cocaine. This investigation continues.
	2011-LA-238	47	4,188	16	84	Ongoing investigation
	2011-LA-239	16	395	25	85	The interceptions directly connect targets to each other and to drug activity which is significant for prosecution.
	2011-LA-240	33	331	39	61	The interceptions enabled investigators to identify additional individuals involved in this DTO. Investigators seized \$16,640 from a courier and obtained valuable intelligence about this DTO. Investigators believe, based on conversations, this was a phone used to communicate with customers. The intelligence gained through interceptions will help investigators as they continue their investigation into this DTO and ultimately the prosecution of multiple members of this organization.
	2011-LA-241		0			The target subject discontinued using this telephone.
	2011-LA-242	54	392	13	87	Interceptions allowed investigators to identify and arrest two illegal aliens based in Los Angeles who were laundering drug proceeds.. Interceptions also provided intelligence on trafficker's methods of laundering drug proceeds. This ongoing investigation continues to pursue the additional members of this money-laundering cell. Approximately \$100,000 in counterfeit and suspected stolen merchandise was seized along with \$27,000 in drug proceeds by investigators as a result of interceptions.
	2011-LA-243	82	1,151	16	84	Ongoing investigation.
	2011-LA-244	383	21,310	22	78	Monitoring of the above telephones was beneficial in the identification of narcotic organizations and individuals selling narcotics in Los Angeles County and surrounding areas. The monitoring of the listed phones resulted in seizure of narcotics and narcotic proceeds that had a direct link to Los Angeles County. To date, approximately 15 pounds of methamphetamine, 3.5 kilograms of cocaine, \$400,000 of narcotic proceeds, and one handgun have been seized.
	2011-LA-245	1,357	2,920	5	95	Ongoing investigation.

Los Angeles (cont'd)	2011-LA-344	20	27	74	26	With the interception of this wiretap, law enforcement officials were able to identify couriers and locations associated with the target organization. This is an ongoing investigation.
	2011-LA-345	94	2,893	6	94	The interception of calls assisted in the identification of subjects involved with the DTO. Interceptions assisted in identifying patterns and locations used by the DTO.
	2011-LA-346	4	7,051	4	96	This was a "body dump" homicide investigation. There were no witnesses, no crime scene, and no weapon recovered. The only evidence recovered from the location was the body. Two suspects were arrested for Penal Code § 187(a) and related charges. Narcotics and money were recovered. This case would not have been filed without the interceptions obtained in this operation. This case has not yet gone to trial.
	2011-LA-347	91	5,145	4	96	Interception of the target telephones assisted agents with identification of additional drug traffickers and stash houses.
	2011-LA-348	40	1,116	20	80	During the interception, agents identified other members of the DTO. Interception of the target telephone assisted the case with the seizure of \$248,000. One person was arrested, but the case has not yet been filed.
	2011-LA-349	8	152	27	73	Ongoing investigation.
	2011-LA-350		0			Wiretap order was signed, but the wiretap was not installed, as the phone account for the target phone was discontinued prior to installation of the wiretap.
	2011-LA-351	4	528	18	82	Investigators seized 21 kilograms of cocaine and arrested two individuals, who were later released because this investigation is still ongoing.
	2011-LA-352	113	1,332	11	89	Intercepts assisted in identifying members, pattern of the DTO, and an arrest and seizure of 19 kilograms of cocaine. Information from intercepts will successfully assist in the dismantling of the DTO and ensure the safety of all communities that the DTO operates.
	2011-LA-353	5	95	89	11	Interceptions pursuant to this wiretap led to the identification of a target located in Denver, Colorado. DEA Denver is currently investigating the individual initially identified during this wiretap and they have made multiple seizures of narcotics in the Denver area.
	2011-LA-354	66	609	44	56	Ongoing investigation.
	2011-LA-355	5	54	93	7	Interceptions pursuant to this wiretap led to the identification of a target Oregon, and the seizure of two kilograms of cocaine and the arrest of one individual.

Orange	2010-OR-29	8	1,008	51	49	The investigation is continuing.
	2011-OR-41	39	217	46	54	The wiretaps were instrumental in the arrests of the seven suspects and the seizure of four pounds of methamphetamine and approximately \$80,000 in cash.
	2011-OR-42	12	768	47	53	The wiretap conversations resulted in the seizure of approximately \$41,000 in cash, but have not resulted in any arrests. However, the investigation into this DTO is continuing and resulted in the issuance of subsequent wiretaps in Orange County.
	2011-OR-43	0	0	0	0	Interception and monitoring was never initiated because after the intercept order was signed, the telephone service provider advised law enforcement agents that service to the telephone was suspended by the provider due to non-payment of the account balance.
	2011-OR-44	31	630	17	83	The intercepted conversations revealed the target subject was engaged in narcotics trafficking. However, the target subject discontinued use of the telephone. The investigation has resulted in the issuance of subsequent intercept orders in Orange County. The investigation is continuing.
	2011-OR-46	1	43	0	100	This particular wiretap did not result in any incriminating conversations. The telephone became inactive the weekend before the wiretap was installed. The only conversations overheard were recordings from the service provider telling the subscriber to make payment on the account or service would be suspended. A total of nine persons were arrested as a result of this investigation. One has pleaded guilty and eight are pending trial in Orange County Superior Court. This investigation involved several Orange County wiretaps. Two additional target subjects are under a federal indictment and have federal arrest warrants outstanding.
	2011-OR-47	45	762	21	79	The wire interceptions have been instrumental in building a case against a prison gang that controls the distribution of narcotics on the streets. A subsequent wiretap was issued in the investigation. The case is being prepared for submission to the district attorney for filing of criminal charges.

San Diego (cont'd)	2011-SD-94	8	200	11	89	The wiretap assisted in gathering and identifying valuable evidence in the investigation of a major Mexican cartel member's directions to several CA residents (members of the Mexican cartel) to hire a CA street gang for murder. The investigation is believed to have disrupted the cartel's activity in CA, and saved lives. Also, incidental to the arrests of the CA residents, law enforcement served a search warrant and seized \$40,000 cash, two assault rifles, one hand-gun, and over 2,000 rounds of ammunition. Further, as a result of this investigation, the major Mexican cartel member is now in custody in Mexico. This arrest has opened several U.S. and Mexican government investigations. Trial is pending.
	2011-SD-95	37	865	21	79	Intercepts monitored coordinator for Mexican-based narcotics traffickers shipping methamphetamine thru San Diego County. Intercepts led to arrest of two individuals and several seizures of methamphetamine.
	2011-SD-96	24	884	43	57	During the course of this investigation, approximately three pounds of methamphetamine and nearly \$70,000 in drug proceeds were seized. This investigation is ongoing and prosecution still pending.
	2011-SD-97	144	9,505	26	74	This wire investigation assisted in identifying a source of supply located in Mexico. In addition, the intelligence obtained assisted officers in identifying a number of drug couriers and drug activities occurring within the northern area of San Diego County.
	2011-SD-98	40	7,804	18	82	This wire investigation is targeting one of the Mexican DTO's currently in operation. Throughout the numerous wire intercepts obtained during this investigation DEA agents have been able to target high level members of this organization which has led to significant drug seizures and arrests throughout CA. These seizures and arrests have significantly reduced the availability of illegal drugs in CA and other distribution points throughout the U.S. The multiple arrests have also taken violent drug offenders out of our communities, ultimately reducing the crime in those areas.

Throughout the numerous wire intercepts obtained during this investigation DEA agents have been able to target high level members of this organization which has led to significant drug seizures and arrests throughout CA. These seizures and arrests have significantly reduced the availability of illegal drugs in CA and other distribution points throughout the U.S. The multiple arrests have also taken violent drug offenders out of our communities, ultimately reducing the crime in those areas.

San Diego (cont'd)	2011-SD-109	114	3,098	13	87	Interceptions provided significant incriminating evidence against the arrested and charged defendant for this first degree murder case. Sixteen calls were admitted as evidence at trial and were considered by the jury. Calls dealt with the defendant's use, possession and sale/furnishing of various controlled substances. The calls provided evidence of the defendant's motive to kill the victim in the charged case. Following deliberations in the first trial, the jury was unable to return a unanimous verdict. A mistrial was declared and it is anticipated the case will be re-tried in Spring 2012.

San Diego (cont'd)	2011-SD-118	203	7,338	14	86	This wiretap investigation was crucial in infiltrating the family members and associates of a large DTO, due to their sophisticated trafficking and distribution techniques. Total seizures for this wiretap investigation is approximately 65 kilograms of cocaine, 26 pounds of methamphetamine, one kilogram of heroin, 40 pounds of marijuana, \$319,450 in U.S. currency and \$36,020 in personal property.
	2011-SD-119	207	7,153			The interception of these cell phones proved critical to the arrest of nine conspirators and members of a San Diego-based cocaine trafficking organization. Three defendants are being prosecuted in San Diego, four defendants are being prosecuted in the Commonwealth of Virginia and two were not charged. Intercepted communications of these phones allowed law enforcement to to dismantle this cocaine trafficking organization and seize 3.5 kilograms of cocaine, 56 grams of cocaine base, 100 tablets of ecstasy, 19 pounds of marijuana and \$2,555 of drug proceeds. Agents also provided information which directly led to a controlled delivery of a package sent from California to Virginia. This controlled delivery led to the arrest of the four defendants and the seizure of the box which contained 126 grams (1/4 pound) of cocaine. These arrests and seizures were a direct result of intelligence gained from this wiretap.
	2011-SD-120	99	10,043	17	83	
	2011-SD-121	22	2,414	21	79	The interceptions obtained from these wiretaps were instrumental in obtaining intelligence allowing investigators to determine the extent of criminal activities of this gang-related DTO. Investigators were able to learn of the drug connections within the gang, as well as sources in Mexico. Further, the intercepts, in conjunction with surveillance, allowed investigators to obtain critical evidence relating to the ongoing drug sales within the gang which led to the arrest and prosecution of those responsible. Additional arrests based on this wire investigation are expected in 2012.
	2011-SD-122	103	2,626	8	92	This wiretap was instrumental in the investigation of a DTO that used local criminal street gangs as part of their organization. The wiretap helped discern the organizations structure, tracked methamphetamine and cocaine sales and uncovered active firearms-selling business. After the conclusion of the wider investigation, a significant amount of drugs and firearms were removed from the streets. This project and wiretap were a joint effort between local police department and DEA. Most of the subsequent cases were prosecuted Federally. Additional arrests are expected in 2012.

The impact on the community, particularly in South San Francisco, was enormous, with the death of three youths. Evidence indicates that the shootings were gang related, and there has been concern about retaliation. With few witnesses who would talk, and little physical evidence as to the identity of the perpetrators from the crime scene, based on the drive-by nature, an interception was crucial to obtaining needed evidence to bring the perpetrators to justice.

Santa Clara (cont'd)	2011-SCL-12	311	17,233	12	88	Since 2010, DEA agent has been conducting an investigation into a Mexico-based DTO in California. The targets of the investigation were responsible for a triple homicide. The wiretap was critical in obtaining key evidence of five participants in the homicide as well as in the shipment of narcotics and drug proceeds to and from Mexico to California. The take down resulted in arrest warrants and/or arrests of 16 persons for charges ranging from murder to transportation and manufacturing of methamphetamine. The investigation also resulted in the seizure of over 55 pounds of methamphetamine, six pounds of marijuana, two ounces of cocaine, three methamphetamine conversion labs, five vehicles with hidden compartments, over \$130,000 in cash. (Cross reference WT 11-07 with WT 11-03, WT 11-05, WT 11-09 and WT 11-15.)

Appendix A: Penal Code section 629.62

“Report by Attorney General”

(a) The Attorney General shall prepare and submit an annual report to the Legislature, the Judicial Council, and the Director of the Administrative Office of the United States Court on interceptions conducted under the authority of this chapter during the preceding year. Information for this report shall be provided to the Attorney General by any prosecutorial agency seeking an order pursuant to this chapter.

(b) The report shall include all of the following data:

- (1) The number of orders or extensions applied for.
- (2) The kinds of orders or extensions applied for.
- (3) The fact that the order or extension was granted as applied for, was modified, or was denied.
- (4) The number of wire, electronic pager, and electronic cellular telephone devices that are the subject of each order granted.
- (5) The period of interceptions authorized by the order, and the number and duration of any extensions of the order.
- (6) The offense specified in the order or application, or extension of an order.
- (7) The identity of the applying law enforcement officer and agency making the application and the person authorizing the application.
- (8) The nature of the facilities from which or the place where communications were to be intercepted.
- (9) A general description of the interceptions made under the order or extension, including (A) the approximate nature and frequency of incriminating communications intercepted, (B) the approximate nature and frequency of other communications intercepted, (C) the approximate number of persons whose communications were intercepted, and (D) the approximate nature, amount, and cost of the manpower and other resources used in the interceptions.
- (10) The number of arrests resulting from interceptions made under the order or extension, and the offenses for which arrests were made.
- (11) The number of trials resulting from the interceptions.
- (12) The number of motions to suppress made with respect to the interceptions, and the number granted or denied.
- (13) The number of convictions resulting from the interceptions and the offenses for which the convictions were obtained and a general assessment of the importance of the interceptions.
- (14) Except with regard to the initial report required by this section, the information required by paragraphs (8) to (13), inclusive, with respect to orders or extensions obtained in a preceding calendar year.
- (15) The date of the order for service of inventory made pursuant to Section 629.68, confirmation of compliance with the order, and the number of notices sent.
- (16) Other data that the Legislature, the Judicial Council, or the Director of the Administrative Office shall require.

(c) The annual report shall be filed no later than April of each year, and shall also include a summary analysis of the data reported pursuant to subdivision (b). The Attorney General may issue regulations prescribing the content and form of the reports required to be filed pursuant to this section by any prosecutorial agency seeking an order to intercept wire, electronic pager, or electronic cellular telephone communications.

(d) The Attorney General shall, upon the request of an individual making an application, provide any information known to him or her as a result of these reporting requirements that would enable the individual making an application to comply with paragraph (6) of subdivision (a) of Section 629.50.
