(2) prohibit a covered entity from offering a different price, rate, level, quality or selection of goods or services to an individual, including offering goods or services for no fee, if the offering is in connection with an individual’s voluntary participation in a bona fide loyalty program;

entity to collect, process, or transfer covered data
that the covered entity otherwise would not collect,
process, or transfer;

(4) prohibit a covered entity from offering a fi-

or service provider shall have a privacy policy that in-
cludes, at a minimum, the following:

(4) Whether the covered entity or service provider transfers covered data and, if so, each category of service provider and third party to which the covered entity or service provider transfers covered data, the name of each third-party collecting entity to which the covered entity or service provider transfers covered data, and the purposes for which such data is transferred to such categories of service pro-
viders and third parties or third-party collecting enti-
ties, except for a transfer to a governmental entity
pursuant to a court order or law that prohibits the
covered entity or service provider from disclosing
such transfer, except for transfers to governmental
tentities pursuant to a court order or law that pro-
hibits the covered entity from disclosing the transfer.

(5) The length of time the covered entity or
service provider intends to retain each category of
covered data, including sensitive covered data, or, if
it is not possible to identify that timeframe, the cri-

(d) ACCESSIBILITY.—The covered entity or service provider shall also provide the disclosures under this section in a manner that is reasonably accessible to and usable by individuals with disabilities.

(e) MATERIAL CHANGES.—

(1) AFFIRMATIVE EXPRESS CONSENT.—If a covered entity makes a material change to its privacy policy or practices, the covered entity shall notify each individual affected by such material change before implementing the material change with respect to any prospectively collected covered data and, except as provided in paragraphs (1) through (15) of section 101(b), provide a reasonable opportunity for each individual to withdraw consent to any further materially different collection, processing, or transfer of previously collected covered data under the changed policy.
(2) **Notification.**—The covered entity shall take all reasonable electronic measures to provide direct notification regarding material changes to the privacy policy to each affected individual, in each covered language in which the privacy policy is made available, and taking into account available technology and the nature of the relationship.

(4) **Log of Material Changes.**—Each large data holder shall retain copies of previous versions of its privacy policy for at least 10 years beginning after the date of enactment of this Act and publish them on its website. Such large data holder shall make publicly available, in a clear, conspicuous, and readily accessible manner, a log describing the date and nature of each material change to its privacy policy over the past 10 years. The descriptions shall be sufficient for a reasonable individual to understand the material effect of each material change. The obligations in this paragraph shall not apply to any previous versions of a large data holder’s privacy policy, or any material changes to such policy, that precede the date of enactment of this Act.
(f) Short-Form Notice to Consumers by Large Data Holders.—

(1) In general.—In addition to the privacy policy required under subsection (a), a large data holder that is a covered entity shall provide a short-form notice of its covered data practices in a manner that is—

templates or models of short-form notices.

SEC. 203. INDIVIDUAL DATA OWNERSHIP AND CONTROL.

(a) Access to, and Correction, Deletion, and
Portability of, Covered Data.—In accordance with
subsections (b) and (c), a covered entity shall provide an
individual, after receiving a verified request from the indi-
vidual, with the right to—

(1) access—

(A) in a human-readable format that a
reasonable individual can understand and
download from the internet, the covered data
(except covered data in a back-up or archival
system) of the individual making the request
that is collected, processed, or transferred by
the covered entity or any service provider of the
covered entity within the 24 months preceding
the request;

(B) the categories of any third party, if ap-
plicable, and an option for consumers to obtain
the names of any such third party as well as
and the categories of any service providers to
whom the covered entity has transferred for
consideration the covered data of the individual,
as well as the categories of sources from which
the covered data was collected; and

(C) a description of the purpose for which
the covered entity transferred the covered data
of the individual to a third party or service pro-
vider;

(2) correct any verifiable substantial inaccuracy
or substantially incomplete information with respect
to the covered data of the individual that is proc-
essed by the covered entity and instruct the covered
entity to make reasonable efforts to notify all third
parties or service providers to which the covered en-
tity transferred such covered data of the corrected
information;

(3) delete covered data of the individual that is
processed by the covered entity and instruct the cov-
ered entity to make reasonable efforts to notify all
third parties or service provider to which the covered
tility transferred such covered data of the individ-

(4) to the extent technically feasible, export to
the individual or directly to another entity the cov-
ered data of the individual that is processed by the
covered entity, including inferences linked or reason-
ably linkable to the individual but not including
other derived data, without licensing restrictions that limit such transfers in—

(A) a human-readable format that a reasonable individual can understand and download from the internet; and

(B) a portable, structured, interoperable, and machine-readable format.

(b) INDIVIDUAL AUTONOMY.—A covered entity may not condition, effectively condition, attempt to condition, or attempt to effectively condition the exercise of a right described in subsection (a) through—

(1) the use of any false, fictitious, fraudulent, or materially misleading statement or representation; or

(2) the design, modification, or manipulation of any user interface with the purpose or substantial effect of obscuring, subverting, or impairing a reasonable individual’s autonomy, decision making, or choice to exercise such right.

(c) TIMING.—

(1) IN GENERAL.—Subject to subsections (d) and (e), each request under subsection (a) shall be completed by any—

(A) large data holder within 45 days of such request from an individual, unless it is de-
monstrably impracticable or impracticably cost-
ly to verify such individual;

(B) covered entity that is not a large data
holder or a covered entity meeting the require-
ments of section 209 within 60 days of such re-
quest from an individual, unless it is demon-
strably impracticable or impracticably costly to
verify such individual; or

(C) covered entity meeting the require-
ments of section 209 within 90 days of such re-
quest from an individual, unless it is demon-
strably impracticable or impracticably costly to
verify such individual.

(2) EXTENSION.—A response period set forth
in this subsection may be extended once by 45 addi-
tional days when reasonably necessary, considering
the complexity and number of the individual’s re-
quests, so long as the covered entity informs the in-
dividual of any such extension within the initial 45-
day response period, together with the reason for the
extension.

(d) FREQUENCY AND COST OF ACCESS.—A covered
entity—
(1) shall provide an individual with the opportunity to exercise each of the rights described in subsection (a); and

(2) with respect to—

(A) the first 2 times that an individual exercises any right described in subsection (a) in any 12-month period, shall allow the individual to exercise such right free of charge; and

(B) any time beyond the initial 2 times described in subparagraph (A), may allow the individual to exercise such right for a reasonable fee for each request.

(e) VERIFICATION AND EXCEPTIONS.—

(1) REQUIRED EXCEPTIONS.—A covered entity may not permit an individual to exercise a right described in subsection (a), in whole or in part, if the covered entity—

(A) cannot reasonably verify that the individual making the request to exercise the right is the individual whose covered data is the subject of the request or an individual authorized to make such a request on the individual’s behalf;
(B) reasonably believes that the request is made to interfere with a contract between the covered entity and another individual;

(C) determines that the exercise of the right would require access to or correction of another individual’s sensitive covered data;

(D) reasonably believes that the exercise of the right would require the covered entity to engage in an unfair or deceptive practice under section 5 of the Federal Trade Commission Act (15 U.S.C. 45); or

(E) reasonably believes that the request is made to further fraud, support criminal activity, or the exercise of the right presents a data security threat.

(2) ADDITIONAL INFORMATION.—If a covered entity cannot reasonably verify that a request to exercise a right described in subsection (a) is made by the individual whose covered data is the subject of the request (or an individual authorized to make such a request on the individual’s behalf), the covered entity—

(A) may request that the individual making the request to exercise the right provide any additional information necessary for the sole
purpose of verifying the identity of the individual; and

(B) may not process or transfer such additional information for any other purpose.

(3) PERMISSIVE EXCEPTIONS.—

(A) IN GENERAL.—A covered entity may decline, with adequate explanation to the individual, to comply with a request to exercise a right described in subsection (a), in whole or in part, that would—

(i) require the covered entity to retain any covered data collected for a single, one-time transaction, if such covered data is not processed or transferred by the covered entity for any purpose other than completing such transaction;

(ii) be demonstrably impracticable or prohibitively costly to comply with, and the covered entity shall provide a description to the requestor detailing the inability to comply with the request;

(iii) require the covered entity to attempt to re-identify de-identified data;

(iv) require the covered entity to maintain covered data in an identifiable
form or collect, retain, or access any data
in order to be capable of associating a
verified individual request with covered
data of such individual;

(v) result in the release of trade se-
crets or other privileged or confidential
business information;

(vi) require the covered entity to cor-
correct any covered data that cannot be rea-
onably verified as being inaccurate or in-
complete;

(vii) interfere with law enforcement,
judicial proceedings, investigations, or rea-
sonable efforts to guard against, detect,
prevent, or investigate fraudulent, malic-
cious, or unlawful activity, or enforce valid
contracts;

(viii) violate Federal or State law or
the rights and freedoms of another indi-
vidual, including under the Constitution of
the United States;

(ix) prevent a covered entity from
being able to maintain a confidential
record of deletion requests, maintained
solely for the purpose of preventing cov-
ered data of an individual from being
recollected after the individual submitted a
deletion request and requested that the
covered entity no longer collect, process, or
transfer such data;

(x) fall within an exception enumer-
ated in the regulations promulgated by the
Commission pursuant to subparagraph
(D); or

(xi) with respect to requests for dele-
tion—

(I) unreasonably interfere with
the provision of products or services
by the covered entity to another per-
son it currently serves;

(II) delete covered data that re-
lates to a public figure and for which
the requesting individual has no rea-
sonable expectation of privacy;

(III) delete covered data reason-
ably necessary to perform a contract
between the covered entity and the in-
dividual;

(IV) delete covered data that the
covered entity needs to retain in order
to comply with professional ethical obligations;

(V) delete covered data that the covered entity reasonably believes may be evidence of unlawful activity or an abuse of the covered entity’s products or services; or

(VI) for private elementary and secondary schools as defined by State law and private institutions of higher education as defined by title I of the Higher Education Act of 1965, delete covered data that would unreasonably interfere with the provision of education services by or the ordinary operation of the school or institution.

(B) PARTIAL COMPLIANCE.—In a circumstance that would allow a denial pursuant to subparagraph (A), a covered entity shall partially comply with the remainder of the request if it is possible and not unduly burdensome to do so.

(C) NUMBER OF REQUESTS.—For purposes of subparagraph (A)(ii), the receipt of a large number of verified requests, on its own,
may not be considered to render compliance with a request demonstrably impracticable.

(D) **FURTHER EXCEPTIONS.**—The Commission may, by regulation as described in subsection (g), establish additional permissive exceptions necessary to protect the rights of individuals, alleviate undue burdens on covered entities, prevent unjust or unreasonable outcomes from the exercise of access, correction, deletion, or portability rights, or as otherwise necessary to fulfill the purposes of this section. In establishing such exceptions, the Commission should consider any relevant changes in technology, means for protecting privacy and other rights, and beneficial uses of covered data by covered entities.

(f) **LARGE DATA HOLDER METRICS REPORTING.**—

A large data holder that is a covered entity shall, for each calendar year in which it was a large data holder, do the following:

(1) Compile the following metrics for the prior calendar year:

(A) The number of verified access requests under subsection (a)(1).
(B) The number of verified deletion requests under subsection (a)(3).

(C) The number of requests to opt-out of covered data transfers under section 204(b).

(D) The number of requests to opt-out of targeted advertising under section 204(c).

(E) The number of requests in each of subparagraphs (A) through (D) that such large data holder (i) complied with in whole or in part and (ii) denied.

(F) The median or mean number of days within which such large data holder substantively responded to the requests in each of subparagraphs (A) through (D).

(2) Disclose by July 1 of each applicable calendar year the information compiled in paragraph (1) within such large data holder’s privacy policy required under section 202 or on the publicly accessible website of such large data holder that is accessible from a hyperlink included in the privacy policy.

(g) REGULATIONS.—Not later than 2 years after the date of enactment of this Act, the Commission shall promulgate regulations, pursuant to section 553 of title 5, United States Code, as necessary to establish processes by which covered entities are to comply with the provisions
of this section. Such regulations shall take into consider-
ation—

(1) the size of, and the nature, scope, and com-
plexity of the activities engaged in by the covered en-
tity, including whether the covered entity is a large
data holder, nonprofit organization, covered entity
meeting the requirements of section 209, third
party, or third-party collecting entity;

(2) the sensitivity of covered data collected,
processed, or transferred by the covered entity;

(3) the volume of covered data collected, proc-
essed, or transferred by the covered entity;

(4) the number of individuals and devices to
which the covered data collected, processed, or trans-
ferred by the covered entity relates; and

(5) after consulting the National Institute of
Standards and Technology, standards for ensuring
the deletion of covered data under this Act where
appropriate.

(h) ACCESSIBILITY.—A covered entity shall facilitate
the ability of individuals to make requests under sub-
section (a) in any covered language in which the covered
tentity provides a product or service. The mechanisms by
which a covered entity enables individuals to make re-
quests under subsection (a) shall be readily accessible and usable by individuals with disabilities.

SEC. 204. RIGHT TO CONSENT AND OBJECT.

(a) WITHDRAWAL OF CONSENT.—A covered entity shall provide an individual with a clear and conspicuous, easy-to-execute means to withdraw any affirmative express consent previously provided by the individual that is as easy to execute by a reasonable individual as the means to provide consent, with respect to the processing or transfer of the covered data of the individual.

(b) RIGHT TO OPT OUT OF COVERED DATA TRANSFERS.—

(1) IN GENERAL.—A covered entity—

(A) may not transfer or direct the transfer of the covered data of an individual to a third party if the individual objects to the transfer; and

(B) shall allow an individual to object to such a transfer through an opt-out mechanism, as described in section 210.

(2) EXCEPTION.—Except as provided in section 206(b)(3)(C), a covered entity need not allow an individual to opt out of the collection, processing, or transfer of covered data made pursuant to the ex-
ceptions in paragraphs (1) through (15) of section 101(b).

(c) **Right to Opt Out of Targeted Advertising.**—

(1) A covered entity or service provider that directly delivers a targeted advertisement shall—

(A) prior to engaging in targeted advertising to an individual or device and at all times thereafter, provide such individual with a clear and conspicuous means to opt out of targeted advertising;

(2) A covered entity or service provider that receives an opt-out notification pursuant to paragraph (1)(B) or this paragraph shall abide by such opt-out designations by an individual and notify any other person that directed the covered entity or service
provider to serve, deliver, or otherwise handle the advertisement of the opt-out decision.

(d) **INDIVIDUAL AUTONOMY.**—A covered entity may not condition, effectively condition, attempt to condition, or attempt to effectively condition the exercise of any individual right under this section through—

(1) the use of any false, fictitious, fraudulent, or materially misleading statement or representation; or

(2) the design, modification, or manipulation of any user interface with the purpose or substantial effect of obscuring, subverting, or impairing a reasonable individual’s autonomy, decision making, or choice to exercise any such right.

**SEC. 205. DATA PROTECTIONS FOR CHILDREN AND MINORS.**

(a) **PROHIBITION ON TARGETED ADVERTISING TO CHILDREN AND MINORS.**—A covered entity may not engage in targeted advertising to any individual if the covered entity has knowledge that the individual is a covered minor.

(b) **DATA TRANSFER REQUIREMENTS RELATED TO COVERED MINORS.**—

(1) **IN GENERAL.**—A covered entity may not transfer or direct the transfer of the covered data of
a covered minor to a third party if the covered entity—

(A) has knowledge that the individual is a covered minor; and

(B) has not obtained affirmative express consent from the covered minor or the covered minor’s parent or guardian.

enforcement action against any covered entity under this Act or any other Act.

(3) Rule of Construction.—Nothing in this subsection shall provide any individual, class of individuals, or person with any right to seek discovery of any non-public Commission deliberation or activity or impose any pleading requirement on the Commission if the Commission brings an enforcement action of any kind.

with the approved guidelines is insufficiently enforced by
the independent organization administering the guidelines,
the Commission shall notify the covered entities or group
of such entities and the independent organization of the
determination of the Commission to withdraw approval of
such guidelines and the basis for doing so. Within 180 days
after receipt of such notice, the covered entity or group
of such entities and the independent organization may
cure any alleged deficiency with the guidelines or the en-
forcement of such guidelines and submit each proposed
