- 4. On information and belief, Defendant is a Delaware corporation with its principal place of business at 6033 W Century Blvd., Ste. 1278, Los Angeles, CA, 90045 and may be served through its agent, Rati Goyal, at the same address, or through its Delaware agent, Corporation Trust Company at Corporation Trust Center, at 1209 Orange St., New Castle, DE 19801.
- 5. On information and belief, this Court has personal jurisdiction over Defendant because Defendant has committed, and continues to commit, acts of infringement in this District, has conducted business in this District, and/or has engaged in continuous and systematic activities in this District.
- 6. On information and belief, Defendant's instrumentalities that are alleged herein to infringe were and continue to be used, imported, offered for sale, and/or sold in this District.

VENUE

7. On information and belief, venue is proper in this District under 28 U.S.C. § 1400(b) because Defendant is deemed to reside in this District. Alternatively, acts of infringement are occurring in this District and Defendant has a regular and established place of business in this District.

COUNT I

(INFRINGEMENT OF UNITED STATES PATENT NO. 9,054,860)

- 8. Plaintiff incorporates paragraphs 1 through 7 herein by reference.
- 9. This cause of action arises under the patent laws of the United States and, in particular, under 35 U.S.C. §§ 271, et seq.
- 10. Plaintiff is the owner by assignment of the '860 Patent with sole rights to enforce the '860 Patent and sue infringers.
- 11. A copy of the '860 Patent, titled "Digital Verified Identification System and Method," is attached hereto as Exhibit A.
- 12. The '860 Patent is valid, enforceable, and was duly issued in full compliance with Title 35 of the United States Code.

- 13. Upon information and belief, Defendant has infringed and continues to infringe one or more claims, including at least Claim 1, of the '860 Patent by making, using (at least by having its employees, or someone under Defendant's control, test the accused Product), importing, selling, and/or offering for sale associated hardware and/or software for digital signature services (e.g., RSign service), and any similar products and/or services ("Product") covered by at least Claim 1 of the '860 Patent. Defendant has infringed and continues to infringe the '860 patent either directly or through acts of contributory infringement or inducement in violation of 35 U.S.C. § 271.
- 14. The Product provides a system for e-signatures. The Product provides for digitally verifying the identification of a sender. Certain aspects of this element are illustrated in the screenshot(s) below and/or in those provided in connection with other allegations herein.

REST API for Electronic Signature

The RSign service is a robust, full featured electronic signature platform allowing users to send documents for signature, create reusable templates, templates that can be posted to end user facing document portals, add document-specific rules, retain a complete audit trail of signing and much more.
