

Get Answers to Common Tech Questions with Digital Rights Bytes!

Whether you're just starting to question some of the effects of technology in your life or you're the designated tech wizard of your family looking for resources to share, **Digital Rights Bytes** is here to answer some common questions that may be bugging you about the devices you use.

Have you ever wondered...

- Is my phone listening to me?
- Why is it so expensive to repair my devices?
- Can the government read my text messages?
- Do I really own the digital media I bought?
- Why is printer ink so expensive?

If so, Digital Rights Bytes is the place for you! For each question, the site includes a brief animated video (*featuring adorable creatures*) and a concise explanation of how the technology works. It also provides advice and resources for what you can do to protect yourself and take action on important issues.

Plus, you'll get to know how the Electronic Frontier Foundation (EFF) fights every day to ensure your rights follow you into the digital world.

Get your tech questions answered today!
