[redacted] however you decide to handle this is fine with me. I'm just concerned with accurately capturing the correct information for reporting purposes. [redacted]

[redacted] I am not sure that these problems aren't our fault, since the field presumably is using our standard ECs. Can you check our website and see if you think there are problems with the standard ECs we have there because that's where the change needs to come, probably. If our forms are okay, and the field is not following the forms, then I'll send an email to the field letting them know the problems.

[redacted] and I were going to go back through the ECs to make sure they were completely correct. We changed them after the new Patriot Act but there were still some problems so we still need to go over them word for word and make sure we have all the kinks out of them.

[Redacted]

This is a follow-up to my conversation with you last week re sending an EC to the CDCs for a more accurate reporting in NSL ECs. [Redacted]

If you can help me by getting this out I would greatly appreciate it and time wouldn't be wasted making calls to the field or sending e-mails to clarify what's in an EC.
