No. The group was set up in response to the IG's report and is chaired by [redacted]  
[redacted] They've only begun the process of identifying the issues. They've asked  
us to [redacted] which [redacted] from NSLB did--so  
I've copied him on here in case he wants to add anything. At last week's meeting,  
they asked us to bring to the next meeting folks knowledgeable about [redacted]  
[redacted] It's too early to tell what policies  
may come from the WG but they will resemble, I'm sure, the current FBI policies on  
sequestration/destruction of erroneous obtained and irrelevant data.
