EXHIBIT H
Case 05/05/2008, at approximately 0830 hours, Sgt. ALBERTS # 22 directed me to contact Redacted - Private Info regarding annoying emails they received. The emails were related to animal rights activists. Both Redacted - and Redacted - are connected to animal rights research. This case is pending investigative follow up at this time.

NARRATIVE: On 05/05/2008, at approximately 0830 hours, Sgt. ALBERTS # 22 directed me to contact Redacted - Private Info regarding his receiving an annoying email.

I was able to contact Redacted - on 05/05/2008, at approximately 1400 hours via telephone. Redacted - Redacted - is a professor of Redacted - Private at UCB. Redacted - told me the following:

Redacted - was at his residence at Redacted - Private Info UCB work email account on 05/04/2008, at approximately 1810 hours. Redacted - received an email from an Redacted - <scienceerulz09@yahoo.com>. The email read:

"Does it make you just a tad bit apprehensive to torture those animals when a crazy bitch like me knows where you and your beautiful wife in Redacted reside? your choice sicko"

Redacted - does not know who might have sent the email. Redacted - is concerned for his and his wife's safety because of this email and other recent events involving his colleagues. There have been several emails of this nature that have been sent to UCB researchers and professors that are of a hostile nature because of the recipient's role with animal research.

Redacted - also told me that approximately four months ago, an unidentified "College age" female came to his home and asked for him while he was away. Redacted - S wife was contacted by this person and asked to speak with her husband. The unknown subject said she had something she wanted to give to Mr. Redacted - and she did not want to leave it with his wife. When Mrs. Redacted - told the subject he was not home, she left. Mr. Redacted - said this was very unusual and it now concerns him.
I contacted Mrs. Redacted - Private Info by phone on 05/06/2008, at approximately 1315 hours, to obtain more information about the suspicious person that came to the Redacted - residence approximately four months ago. Mrs. Redacted - told me the following:

In the afternoon on Monday, December 31, 2007, a White female adult in her 20s came to the front door of the residence. When Mrs. Redacted - answered the door, the subject asked if Jose was home. Mrs. Redacted - told this person he was not. The subject then said she had something to give to Mr. Redacted - Mrs. Redacted - told the subject she could give it to her and she would give it to Mr. Redacted - The subject said, “no” and started to leave. Mrs. Redacted - asked her name and the subject stuttered and said. Redacted - The subject then quickly left the area on foot in an unknown direction. Both Mr. and Mrs. Redacted - said this was unusual and colleagues and/or students did not come by their home to drop off things or conduct school business.

Based on the physical description and prior history of animal rights activity, the subject could possibly be Redacted - Private Info. Mrs. Redacted - said she would probably be able to recognize the subject if she saw her again, but she did not think she could be 100% sure. I set up an appointment next week to meet with Mrs. Redacted - and show her a photo line up to determine if Redacted - is the person who came to her door. At this time, Redacted - is not believed to have committed a crime in this matter. However, I am trying to confirm if Redacted - and her known associates could be the ones involved in the annoying emails.

I contacted the Alameda Police Department and spoke to Lieutenant SWATMAN. I advised him about the situation and, at his request, sent him an email summarizing the matter. Lt. SWATMAN told me he would advise patrol and enter Redacted - S address into their CAD system. I mailed a UCPD resource guide to Redacted -’s home. I provided Redacted - with my UCPD phone number and a case number for future reference.

Sgt. ALBERT’S provided me with the email and header Redacted - received. I included it with this report for follow up investigative purposes. I will consult with Detective KASISKE later to attempt to locate the computer(s) these emails originated from.
Sgt. ALBERTS also advised me that Professor Redacted - Private Info was sent an annoying email on 05/04/2008, at approximately 1834 hours. I contacted Redacted - by phone on 05/06/2008, at approximately 1255 hours. Redacted - confirmed he opened the email on his work email account while he was home on 05/05/2008, at approximately 0900 hours.

The email was from an address titled linuxlove9@yahoo.com. The message read, “Hi Red how are the wife and kids doing over on Redacted - you bird killing motherfucker. I can make things a lot worse for you keep that in mind maybe your wife will leave you, or have a nervous breakdown STOP TORTURING ANIMALS MOTHER Fucker.”

Sgt. ALBERTS provided me with the email and header Redacted - received. I included it with this report for follow up investigative purposes. I will consult with Detective KASISKE later to attempt to locate the computer(s) these emails originated from. I mailed a UCPD resource guide to Redacted - ’S home. I provided Redacted - with my UCPD phone number and a case number for future reference.

Nothing Further.
Add this one to the report!
