

For the purpose of see-and-avoid, visual observers will be utilized at all times when operating outside of restricted, prohibited or warning area airspace. The visual observers must remain within 0.5 mile laterally and 1200 feet vertically of the UAS during operations at Brennan Field, Upper, and Lower Waste Management sites and within 0.5 mile laterally and 1200 feet vertically during operations at the Taft and Filmore sites.

Pilot/observers will not operate the Puma at a distance beyond that at which see-and-avoid responsibilities can be exercised.

The visual observers may be either ground based or in a chase aircraft. The observer(s) must keep the UAS in sight at all times.
