# Custom Templates

- Everything in CiviCRM is rendered with a Smarty template
- Set custom templates path in:  
`civicrm/admin/setting/path?reset=1`
- You can find all the built-in templates in:  
`sites/all/modules/civicrm/templates/CRM`
- You can see what template file you need by viewing the source and search for “tpl”

## Set the Path

### Settings - Upload Directories

Default values will be supplied for these upload directories the first time you access CiviCRM - based on the CIVICRM\_TEMPLATE\_COMPILEDIR specified in civicrm.settings.php. If you need to modify the defaults, make sure that your web server has write access to the directories.

Temporary Files

File system path where temporary CiviCRM files - such as import data files - are uploaded.

Images

File system path where image files are uploaded. Currently, this path is used for images associated with premiums (CiviContribute thank-you gifts).

Custom Files

Path where documents and images which are attachments to contact records are stored (e.g. contact photos, resumes, contracts, etc.). These attachments are defined using 'file' type custom fields.

Custom Templates

Path where site specific templates are stored if any. This directory is searched first if set. Custom JavaScript code can be added to templates by creating files named *templateFile.extra.tpl*. ([learn more...](#))

CiviCase configuration files can also be stored in this custom path. ([learn more...](#))

Custom PHP Path

Directory

Path where site specific PHP code files are stored if any. This directory is searched first if set.

CiviCRM Extensions

Directory

Path where CiviCRM extensions are stored.

☐ I want to contribute this amount **every**  **for**  installments

Your recurring contribution will be processed automatically for the number of installments you specify. You can leave the number of installments blank if you want to make an open-ended commitment. In either case, you can choose to cancel at any time. You will receive an email receipt for each recurring contribution. The receipts will include a link you can use if you decide to modify or cancel your future contributions.

# Custom Templates

## Create the Right Files

You can override template files:

`templates/CRM/Contribute/Form/Contribution/Thanks.tpl`

You can also have a different template for each contribution page based on ID:

`templates/CRM/Contribute/Form/Contribution/41/Main.tpl`

### What We Do:

**Defend the free speech rights** of bloggers, journalists, dissidents and ordinary people online.

**Protect your right to privacy** while using social network tools like Facebook & Twitter.

**Promote transparency in government** through the use of the Freedom of Information Act.

### Where Your Money Goes:

Program Expenses	(80.8%)
Fundraising Expenses	(8.5%)
Administrative Expenses	(10.6%)

# URL Aliases

Why have URLs that look like this:

**`https://example.com/civicrm/contribute/transact?reset=1&id=41`**

When they can look like this?

**`https://example.com/donate`**

URL aliases (path module) work great with CiviCRM.

# URL Aliases

## URL aliases

[LIST](#)[PATTERNS](#)[SETTINGS](#)[BULK UPDATE](#)[DELETE ALIASES](#)

[Home](#) » [Administration](#) » [Configuration](#) » [Search and metadata](#)

An alias defines a different name for an existing URL path - for example, the alias 'about' for the URL path 'node/1'. A URL path can have multiple aliases.

**ELECTRONIC FRONTIER FOUNDATION**  
DEFENDING YOUR RIGHTS IN THE DIGITAL WORLD

## Dear Friend of Digital Freedom,

Thank you for donating to the Electronic Frontier Foundation (EFF)! Your contribution means a great deal to EFF and enables EFF attorneys, technologists, and activists to continue to protect free speech, fair use, innovation and privacy in the online world.

If you have made a recurring monthly donation and would like to update your credit card information, please contact us at (415)436-9333 x120 Monday through Friday, 9-6 PM Pacific Time.

## Help EFF Without Spending a Dime!

You could **double** the impact of your donation at no additional charge! Use our [matching donation search tool](#) to see if your employer matches your charitable gifts, or inquire with your human resources department. Learn even more ways to help preserve our digital rights [on our site](#).

On behalf of our Board, staff, and volunteers, thank you for your contribution and for helping to protect digital freedom.

Sincerely,  
Aaron Jue

# POWER UP YOUR DONATION!

**EFF** is the leading organization defending civil liberties in the digital world.

Donate **now** and every dollar you give will provide **two** dollars to help EFF! Thanks to such strong support for the campaign, we were happy to offer three separate \$10,000 matching grants since Thursday that provided a 4x power up. The Brin Wojcicki Foundation will continue to match donations 2x as part of their [\\$500k EFF on Mission](#) challenge grant.

Contribution page URLs look like this:

**civicrm/contribute/transact?**  
**reset=1&id=\$CONTRIBUTION\_PAGE\_ID**

We add some fields:

**civicrm/contribute/transact?**  
**reset=1&id=\$CONTRIBUTION\_PAGE\_ID&nid=\$NODE\_ID**  
**&secret=\$SHARED\_SECRET**

And we use URL aliases to hide the secret:

# Same Donate Page, Different Stuff

Steps to make a new custom contribution page:

- Create new custom\_contribution\_page drupal node with custom fields in it
- Build URL (e.g. civicrm/contribute/transact?reset=1&id=XX&nid=XX&secret=SecretValue Here
- Make a URL alias for it

To do: Implement a Drupal hook to automatically make the URL alias, so people besides me can make these
