Subject: Air Worthiness Statement

August 21, 2007

Sir,

The Hays County Commissioners have authorized me to accept the following Air Worthiness Statement (AWS) on behalf of the Hays County Office of Emergency management.

“The Hays County Office of Emergency management has evaluated the Spectra UA system and have found it to be airworthy and safe to operate under the attached limitations, policy, and procedure. These unmanned aircraft will be considered an asset controlled by the National Incident Management System (NIMS) and the Incident Command System (ICS) for law enforcement and fire support activities.”

Respectfully,
