Re: Report to the Intelligence Oversight Board (Second Quarter, Fiscal Year 2005; S05IS023)

Dear Chairman Langdon:

Executive Order 12863, "President's Foreign Intelligence Advisory Board," requires the Inspector General to report on a quarterly basis to the Intelligence Oversight Board concerning intelligence activities at the Department of Energy (DOE) and the National Nuclear Security Administration (NNSA). For the Second Quarter, Fiscal Year 2005, January 1, 2005, through March 31, 2005, no DOE or NNSA intelligence activity has come to my attention that I have reason to believe was unlawful or contrary to Executive order or Presidential directive.

Additionally, as reported in our letter to the Intelligence Oversight Board dated March 24, 2005, we initiated a review to determine if DOE Office of Counterintelligence employees may have collected and retained financial information regarding individuals being examined under the Counterintelligence polygraph program and, if so, whether this was a violation of law or contrary to Executive order or Presidential directive. This review is ongoing, and we will inform you when we have completed our review.

Pursuant to guidance previously provided by the President's Intelligence Oversight Board, this report is not considered an agency record and is the property of the Board. This report is not to be disseminated without the Board's consent.

Please contact me if we may provide any further assistance.

Sincerely,

Gregory H. Friedman  
Inspector General
