The National Reconnaissance Office (NRO) Office of General
Counsel submits this report pursuant to the above references for
the Fourth Quarter of 2001, covering the dates of 1 October
through 31 December 2001. Personnel at NRO facilities reported
no instances of improper or unlawful intelligence activities, as
defined by Executive Order 12333.

Intelligence oversight activities conducted in support of
Executive Order 12333 during this quarter included the initial
indoctrination and training of 657 individuals assigned to the
NRO. In addition, various NRO sites conducted training to re-
indoctrinate 1935 NRO personnel on the requirements of Executive
Order 12333. The current training program is a combined effort
between the NRO Office of Security and the NRO Office of General
Counsel. Both offices, in coordination with the NRO Office of
Inspector General are in the process of revising the NRO’s
internal Executive Order 12333 implementing policy and training

The National Reconnaissance Office (NRO) Office of General
Counsel submits this report pursuant to the above references for
the First Quarter of 2006, covering the dates of 1 January
through 31 March 2006. Personnel at NRO facilities reported no
instances of improper or unlawful intelligence activities, as
defined by Executive Order 12333.

Intelligence oversight activities conducted in support of
Executive Order 12333 during this quarter included the initial
indoctrination and training of 851 individuals assigned to the
NRO. In addition, various NRO sites conducted training to re-
indoctrinate 2001 NRO personnel on the requirements of Executive
Order 12333. The current training program is a combined effort
between the NRO Office of Security and the NRO Office of General
Counsel. Both offices, in coordination with the NRO Office of
Inspector General, recently revised the NRC's internal Executive
Order 12333 implementing policy and training procedures for 2006.

Westernfield: OIG performed an inspection of the Special Technologies Group (STG) within the NRO. NROD-26-4, as implemented by NROI-4-1, requires that employees complete annual EO 12333 training. Significant numbers of STG personnel had not completed annual training requirements. Only 33% of STG personnel (88%) had completed EO 12333 training. OIG recommended in its inspection report that the STG Director ensure that STG personnel complete the annual EO 12333 training. STG concurred and instructed STG personnel to complete the training by September 28. STG established a tracking database to ensure compliance.

SUBJECT: National Reconnaissance Office Executive Order 12333 Quarterly Report

Were there any intelligence-related activities that violate law, regulation, or policy substantiated during the quarter, or any actions taken as a result of the violations? If so, please

No

Were any intelligence oversight inspections conducted? If so, by whom, and please provide a summary of the results from those inspections.

Yes. The NSA lead joint inspection of [redacted] included an assessment of compliance with EO 12333. No issues reported. Additionally, the NRO OIG conducted a special inquiry in response to a memorandum from the NSA indicating that the NRO might be disseminating unminimized SIGINT to consumers without the requisite delegated authority from the Secretary of Defense. The inquiry did not find any evidence to support the allegation. A letter report was forwarded to the appropriate offices within the NRO and the IOB on 23 July 2007.

Were there any substantive changes to your intelligence oversight programs? If any inspections reveal deficiencies, note the corrective actions taken.

No

Were there any changes to published directives or policies concerning intelligence collection activities? If so, attach a copy of the directive or policy to your report.

No

Are you conducting any inquiries into possibly illegal intelligence activities? If so, please describe.

No

Responses provided by the NRO Office of the Inspector General.

The following information is submitted for the period April through June 2001:

a. Activities that are believed to be illegal or contrary to Executive Order for DoD Policy: None

b. Action taken regarding such activities: N/A

c. Significant oversight activities: None

d. Suggestion for improving the Oversight System:
ATSO(IO) initiate and fund an intelligence oversight officer's course at the Joint Military Intelligence Training Center. Recommend that the TDY expenses for the students also be funded by ATSO(IO) to ensure appropriate personnel can attend (this is a repeated suggestion). If you require additional information concerning this suggestion, please contact Mr. Don Samborn, (703)767-4744.

The following information is submitted for the period of 1 January through 31 March 2008:  

a. Activities that are believed to be illegal or contrary to Executive Order or DoD policy: None  

b. Actions taken regarding such activities: N/A  

c. Significant oversight activities: Agency has begun a review of classified counterintelligence-related data bases to verify that collection and maintenance of information is conducted in accordance with IO procedures. Recommend that agency personnel be provided training that clarifies completely the term "United States person" so that they understand that it refers to not only United States citizens, but also aliens known to be permanent resident aliens ("green card" holders). Agency personnel have raised repeated questions on exactly what is encompassed by the term "United States Person."  

d. Suggestions for improving the intelligence oversight system: Request that an ATSD-IO Intelligence Oversight briefing be conducted for agency Security and Counterintelligence personnel. Although on-line training provides convenient refresher training, it is important to bring together agency Security and Counterintelligence personnel in an "all hands"
setting for periodic IO briefings from IO experts qualified to answer questions and address any related concerns.

e. Descriptions of intelligence, counterintelligence, and intelligence-related activities that violate law, regulation, or policy substantiated during the quarter, as well as any actions taken as a result of the violations: None

f. Intelligence oversight inspections conducted and the results or trends from those inspections: None
   - Questionable intelligence activities: N/A
   - Familiarity of personnel with intelligence oversight requirements: N/A
   - Adequacy of organization intelligence oversight training programs, oversight structure, and processes: N/A

g. Substantive agency-level changes to the Intelligence Oversight programs, including changes to supporting training programs, and the reason for the changes, with a copy of the directive or policy that directs the change: None

h. Agency-level changes to published directives or policies related to counterintelligence, or intelligence-related activities and the reason for the changes, with a copy of the directive or policy attached: None

INTELLIGENCE OVERSIGHT

SUBJECT: NIMA 01-4: National Imagery and Mapping Agency
(NIMA) Quarterly Intelligence Oversight (IO)
Report for 1 October 2001 Through 31 December
2001

1. This report constitutes a joint report of the NIMA Office of
General Counsel (OGC) and Office of Inspector General (OIG).

2. Reportable Activities. No reportable activities were
identified for the fourth quarter reporting period.

3. Other significant Intelligence Oversight Activities:

a. NIMA OIG conducted no IO inspections in last quarter of
CY 2001 because of a major NIMA reorganization; however, an
aggressive IO inspection effort for CY 2002 will commence in
February 2002. Additionally, NIMA OIG provided NIMA OGC, the
Agency IO Program Manager, with an assessment of the IO program
based upon the results of the IO inspections conducted during

b. During the quarter, NIMA OGC worked on improvements to
its computer-based Intelligence Oversight training on the NIMA
Secret Collateral Enterprise System (SCEN). Articles on
Intelligence Oversight were published in both the Agency’s
internal information publication, the “Edge,” and in the OGC’s
own publication, “LegalLines,” for NIMA managers and supervisors.

SUBJECT: NIMA 01-1: National Imagery and Mapping Agency
(NIMA) Quarterly Intelligence Oversight Report
for 1 January 2001 Through 31 March 2001

1. This report constitutes a joint report of the NIMA General
Council and the Inspector General.

2. Reportable Activities. No reportable activities were
identified for the first quarter reporting period.

3. Other significant Intelligence Oversight Activities:

a. The Agency's 12333 committee met twice during the
reporting period. No incidents requiring reporting were
identified.

b. During the quarter, NIMA IG conducted six oversight
inspections. The inspections disclosed no violations of
intelligence oversight regulations. Although the interviewed
employees displayed limited knowledge of the specific
provisions of DoD 5240.1-R, they were knowledgeable of and
used an internal NIMA procedure designed to preclude unlawful
collection of information against U.S. persons.

SUBJECT: NIMA 01-2: National Imagery and Mapping Agency
(NIMA) Quarterly Intelligence Oversight Report
for 1 April 2001 Through 30 June 2001

1. This report constitutes a joint report of the NIMA General
Counsel and the Inspector General.

2. Reportable Activities. No reportable activities were
identified for the second quarter reporting period.

3. Other significant Intelligence Oversight Activities:

   a. The Agency's 12333 committee met once during the
      reporting period. No incidents requiring reporting were
      identified

   b. During the quarter, NIMA IG continued conducting 10
      inspections. The inspections disclosed no violations of IO
      regulations by the inspected NIMA elements.

4. The point of contact for this report is Carl Wilbur,
Associate General Counsel, (301) 227-4154, fax (301) 227-

Report for 1 January 2002 Through 31 March 2002

1. This report constitutes a joint report of the NIMA Office of
   General Counsel (OGC) and the Office of Inspector General (OIG).

2. Reportable Activities. No reportable activities were
   identified for the first quarter reporting period.

3. Other significant Intelligence Oversight Activities:

   NIMA IG commenced its IO inspection program for 2002
during the quarter. The inspections continue to use a
combination of interviews and file reviews. The interviews
use a revised questionnaire that more closely focuses on
employee knowledge of IO collection, retention and
dissemination rules, and their reporting responsibilities.
Inspections to date disclose no IO violations.

(INTELLIGENCE OVERSIGHT)

SUBJECT: NGA 05-4: National Geospatial-Intelligence Agency (NGA) Quarterly Intelligence Oversight Report for 1 October 2005 through 31 December 2005

1. This report constitutes a joint report of the NGA Office of General Counsel (OGC) and the Office of Inspector General (OIG) for the fourth calendar quarter of 2005.

2. Reportable Activities. There were no illegal intelligence activities noted during this reporting period. See item 3.a(2), below, regarding an update to an IG Complaint of a questionable activity.

3. Other significant Intelligence Oversight Activities:

   a. The NGA Office of Inspector General (OIG) completed three IO inspections this quarter. The inspections were conducted at NGA facilities in the Washington, D.C., and St. Louis, MO area. This brought the total number of inspections conducted for FY05 to 30. None of the inspections identified IO violations or questionable activities.

   b. During the quarter, the NGA OIG closed investigative case no. 05-037 regarding a questionable activity - the collection and uses of personal information regarding non-Government employees who were U.S. persons, in an NGA database used to document OCONUS travel by NGA personnel. The OIG inquiry determined that the database was originated by the NGA counterintelligence component in keeping with directives requiring personnel with SCI-level security clearances to report foreign travel. However, the database also solicited employees to provide the names and addresses of travel companions, many of whom were not Government or contractor employees. Further, the information was solicited for both official and unofficial travel. The inquiry also addressed issues of compliance with Privacy Act requirements for registering the database as a system of records, and the appropriateness of collecting and retaining such information. OIG forwarded the inquiry results
to the Office of General Counsel to determine, per Procedure 15, DoD 5240.1-R, as to whether, "the activity is legal and consistent with applicable policy." The database OPR has expunged the information regarding non-Government, U.S. persons from the database, and actions were taken to comply with Privacy Act provisions.

c. OGC reviewed both the IO portion and Privacy Act portions of the OIG Inquiry (Case No. 03-057). OGC could not determine whether an IO violation actually occurred due to a lack of factual information in the Inquiry Report. OGC responded back to the OIG Inquiry Report on December 30, 2005, requesting OIG submit a supplemental factual report.

a. ATSD(IO) Awards. Request ATSD(IO) establish an awards program for the overall improvement of intelligence oversight within DoD, similar to awards programs with the Acquisition and Inspector General divisions. Such an awards program could include: awards for the best overall program, most improved program, best training initiatives, best awareness initiatives, or best new program suggestion.

b. Awareness Items. Request ATSD(IO) develop and directly provide IO Awareness Items to agencies and organizations. Such items would include: posters, cards, writing instruments (pens/pencils), lanyards, pads, cups/mugs, bags, etc. As an alternative, request ATSD(IO) provide the contract vehicle through which agencies and organizations can obtain approved Awareness Items.

c. Funding assistance. Agencies and organizations are not directly appropriated funds for the development, maintenance, and improvement of intelligence oversight programs or activities, whereas ATSD(IO) is. NGA suggests ATSD(IO) seriously consider increasing its annual budgetary submissions to DoD with a specific item for program assistance to other organizations for this purpose.
d. Contractor assistance. Request ATSD(IO) utilize its contractor support to provide program development assistance to other Agencies and organizations. Assistance could be provided in developing training materials, awareness items, or policies/procedures.

5. The point of contact for this report is Mr. Terry Monroe, Associate General Counsel, Mission and International Law, (301) 227-4554, fax (301) 227-2035.

SUBJECT: NGA 05-2: National Geospatial-Intelligence Agency (NGA) Quarterly Intelligence Oversight (IO) Report for 1 April 2005 Through 30 June 2005

1. This report constitutes a joint report of the NGA Office of General Counsel (OGC) and the Office of Inspector General (OIG) for the second calendar quarter of 2005.

2. Reportable Activities. There were no illegal intelligence activities noted during this reporting period. See item 3.a(2), below regarding an update to an IG complaint of a questionable activity.

3. Other significant Intelligence Oversight Activities:

   a. Inspections.

      (1) The NGA Office of Inspector General (OIG) conducted seven IO inspections this quarter. The inspections were conducted at NGA facilities in the Washington, DC, and St. Louis, MO, areas. The inspections disclosed no evidence of IO violations.

      (2) During the quarter, the NGA OIG continued work on case no. 03-057 pertaining to a complaint regarding the collection and use of personal information in an NGA database used to document foreign and OCONUS travel by NGA personnel. The initial response to OIG interrogatories to the NGA counterintelligence unit cited DCID 1/20 and DoD 5105.21-M-1 as the authority for capturing information regarding travel by employees with SCI clearances. The response requires additional OIG inquiry before referring the matter to OGC for determination as to whether a violation of IO regulations has occurred. OIG, in concert with NGA OGC, will review the responses and determine what additional action is required, and if a violation of IO regulations has occurred.

Online, Initial and Refresher, computer-based training (CBT) was available to all employees, via classified and unclassified networks. Agency Directorates and Offices report near 100% employee familiarization training. However, OIG inspection survey results still indicate some deficiencies in employee comprehension and retention of the training information.

1. This report constitutes a joint report of the NGA Office of General Counsel (OGC) and the Office of Inspector General (OIG) for the third calendar quarter of 2005.

2. Reportable Activities. There were no illegal intelligence activities noted during this reporting period. See item 3.a(2), below, regarding an update to an IG Complaint of a questionable activity.

3. Other significant Intelligence Oversight Activities:
   a. Inspections.

   (1) The NGA Office of Inspector General (OIG) completed seven IO inspections this quarter, including one of the NGA Executive Committee Staff. The inspections were conducted at NGA facilities in the Washington, D.C area and a classified location. This brought the total number of inspections conducted for FY05 to 27. None of the inspections identified IO violations or questionable activities.

   (2) During the quarter, the NGA OIG continued work on Case No. 03-057 pertaining to a complaint regarding the collection and uses of personal information in an NGA database used to document foreign and OCONUS travel by NGA personnel. The inquiry determined that the database was justified under Director of Central Intelligence Directives (DCID) and DoD requirements to monitor travel of personnel with SCI clearances. However, the database also contained names and addresses of non-NGA or Federal personnel and such information was retrievable.

NGA/OIG
MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

1. (U) In accordance with the reference, the NGA OIG submits the following IO quarterly report.

2. (U) During this reporting period, the NGA OIG conducted a total of five IO inspections. Inspections were conducted of the following organizations:

- National Geospatial Intelligence College (HDND), Fort Belvoir
- National Geospatial Intelligence College (HDNG), St. Louis Missouri
- Office of Americas Homeland Security Division (PMLA), Arnold Missouri
- Digital Imagery Operations Branch, the Operations Tiger Team, and the Precision Imagery Operations Team (EDIAB, EDIAC, and EDIAA), Bolling Air Force Base.

The inspections disclosed no evidence of IO violations.

3. (U) Agency Directorates and Offices inspected by OIG personnel reported near 100% employee familiarization training. However, OIG inspection and survey results still indicated some deficiencies in employee comprehension and retention of the training information.
S-090-06/OIG

4. (U) The point of contact for this matter is David L. Payne, OIGE, telephone 301-227-7517.

MARCUS BOYLE
The Inspector General
MEMORANDUM FOR ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

SUBJECT: National Geospatial-Intelligence Agency Quarterly Intelligence Oversight Report for 1 April through 30 June 2006

1. The Office of Geospatial Intelligence Management (OGM) is the Agency’s newly designated Intelligence Oversight (IO) Program Management Office. OGM works in partnership with the Office of the Inspector General (OIG) and the Office of the General Counsel (OGC) to administer the Agency’s IO Program.

2. This report constitutes a consolidated NGA report for the second quarter of Calendar Year 2006. This report follows-up on the inquiry previously reported in the 28 April 2006 NGA Quarterly IO Report for 1 January through 31 March 2006.

3. Reportable Activities: There were no illegal or questionable intelligence activities noted during this reporting period.

4. Other Significant IO Activities:

   a. The OIG completed four IO inspections during this reporting period. The inspections were conducted at NGA locations in the Washington, D.C., Colorado Springs, CO, and St. Louis, MO areas. The inspections disclosed no evidence of IO violations or questionable intelligence activities.

   b. The OIG completed the inquiry noted in paragraph 2. The inquiry into the NSA OIG complaint that an NGA employee was unauthorized to download a high volume of NSA database information found that no IO violation or questionable intelligence activity occurred.

      i. The NGA OGC reviewed the OIG report and determined that the NGA employee actions were not illegal and
SUBJECT: National Geospatial-Intelligence Agency Quarterly
Intelligence Oversight Report for 1 April through 30
June 2006

did not contravene IO policies and procedures. The OGC further
recommended that no disciplinary action be taken against the
employee.

ii. Copies of the OIG report and the OGC opinion were
provided to the NSA OIG and the NGA employee's senior management
chain.

a. Recommend ATSD IO update its DoD-wide training CD,
"Intelligence Oversight Awareness Training," to incorporate
currency of developments since the CD's release in 2000. DoD
Component IO-related activities have been impacted by events
since its issuance to include September 11, 2001, the
Intelligence Reform and Terrorism Prevention Act of 2004, and
others.

b. Recommend ATSD IO consider the addition of three new
features to ATSD IO websites: The ATSD IO annual
inspection/staff assistance visit schedule; periodic feedback on
those inspections or visits; and "blog" space to allow real-time
information- or problem-sharing among the DoD Components on IO-
related matters. These new features would help to expand DoD
Component awareness and capitalize on lessons learned impacting
Intelligence Oversight activities.

MEMORANDUM FOR ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

SUBJECT: National Geospatial-Intelligence Agency Quarterly
Intelligence Oversight Report for 1 July through 30
September 2006

1. The Office of Geospatial Intelligence Management (OGM) is the
National Geospatial-Intelligence Agency (NGA) Intelligence Oversight
(IO) Program Management Office. OGM works in partnership with the
Office of the Inspector General (OIG) and the Office of the General
Counsel to administer the Agency's IO Program.

2. This report constitutes a consolidated NGA report for the third
quarter of Calendar Year 2006. There were no illegal or questionable
intelligence activities noted during this reporting period.

3. Other Significant IO Activities:

a. The OIG completed thirteen (13) IO inspections this
quarter. The inspections were conducted at NGA locations in the
Washington, D.C., St. Louis, MO, and White Sands, NM areas. The
inspections disclosed no evidence of IO violations or questionable
intelligence activities.

b. We continue to update the Agency's IO websites and
improve employee access to relevant guidance and reference materials.
NGA's implementing IO instruction is now under review to ensure
currency and incorporate improved business processes and procedures.
We anticipate completion of this review and revision of the IO
instruction by early 2007.

MEMORANDUM FOR ASSISTANT TO THE SECRETARY OF DEFENSE

SUBJECT: National Geospatial-Intelligence Agency
Annual Intelligence Oversight Report for
1 January to 31 December 2005

1. The Office of Geospatial Intelligence Management (OGM) is the National Geospatial-Intelligence Agency (NGA) Intelligence Oversight (IO) Program Management Office. OGM works in partnership with the Office of the General Counsel to obtain legal interpretation of laws and regulations pertaining to the Agency's IO Program; and the Office of Inspector General (OIG) to provide oversight of the Agency's IO program.

2. Pursuant to Office of the Assistant to the Secretary of Defense Memorandum, Annual Intelligence Oversight Report to Congress, 8 December 2006, this memorandum constitutes the consolidated NGA report for Calendar Year (CY) 2006, to include the 1st quarter of Fiscal Year (FY) 2007. No illegal or questionable intelligence activities were noted during this reporting period.

3. Other Significant IO Activities:

a. The OIG completed 22 IO inspections during CY 2006. The inspections were conducted in the Washington, DC; St. Louis, MO; Colorado Springs, CO; and White Sands, NM, areas. The inspections disclosed no IO violations or questionable activities. Personnel interviewed during the inspections were generally familiar with the IO reporting requirements and procedures and with the training resources available to them. There were no inspections conducted during first quarter FY 2007.

b. The OIG is enhancing its Intelligence Oversight inspections to provide more comprehensive analyses and results to the NGA Senior Leadership and other appropriate stakeholders; and therefore, has plans to conduct IO Inspections beginning, 2nd Quarter, FY 2007. We continue to update the Agency's IO

Subject: Intelligence Oversight (IO) Report for the First Quarter FY-02

2. USJFCOM reported that no intelligence activity has been identified which is reasonably believed to be illegal or contrary to executive order, Department of Defense, or service instructions concerned with Intelligence Oversight. Significant oversight activities taken:

   a. Joint Forces Intelligence Command (JFIC): Revised IO Instruction and implemented Directorate Intelligence Oversight Officers to facilitate training and expertise on the subject in the command. Also conducted training on 29 new joins, 44 watchstanders, and 22 mobilized reserves.

   b. JOINT TASK FORCE (JTF-6): On 16 Oct 01 trained all (119) first half FY02 Intelligence Analysts going out on Law Enforcement Agency (LEA) support missions. IO visits to each Intelligence Analyst were 60 percent complete and expected to be 100 percent by the end of Jan 02. Fourteen individuals were trained and certified by the command as Intelligence Oversight off site inspectors.

   c. JOINT TASK FORCE - Olympics (JTF-O): Received training aids from JFCOM and conducted initial IO training. Removed Anti Terrorism Force Protection duties from the J2 and moved those duties into J3 to preclude any possible IO conflicts.

   d. USJFCOM IG. Addressed some IO issues/perceived restrictions coming out of Homeland Security (HLS) directorate’s need for domestic intelligence and
information procedures. Decided to consolidate the issues from JFCOM J2, JFCOM HLS, and JFIC, and for J2/HLS to co-host a meeting with a working group from the Assistant to the Secretary of Defense for Intelligence Oversight's office to attempt to alleviate these concerns and define the needs for domestic intelligence in a Homeland Security role.

3. **USSTRATCOM IG** reported no IO violations or questionable activities during this reporting period. An IO inspection of the USSTRATCOM J2 from 26-29 Nov 01 showed the Intelligence Directorate to be in compliance.

4. **USEUCOM IG** reported no IO violations during this quarter. Intelligence oversight training: Initial: 100/Refresher: 27. EUCOM J2 conducted a self-inspection, no personnel were interviewed. 25 percent of division personnel files, computer disks and administrative holdings were inspected.

5. **USSOUTHCOM IG** provided initial training for new personnel assigned to intelligence activities. Inspected 10 percent of SCJ2 files with no irregularities reported. Downloaded the PATRIOT Act. Reviewing the Act for Intelligence Oversight Implications.

6. **USPACOM IG** reported no IO violations during this quarter. All commands conducting indoctrination and refresher training as required.

7. **USCENTCOM IG** reported no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB FL are receiving initial intelligence oversight training.

8. **USSOCOM IG** reported no violations of applicable laws, orders, directives, regulations, or DoD policies.

9. **USTRANSCOM IG** reported no IO violations during this quarter. Quarterly inspection was conducted by representatives of the Office of the Inspector General (TCIG) and the Chief Counsel (TCJA) in the Joint Intelligence Center with the TCJ2 IO Program Monitor on 19 Nov 01. The inspection included a review of the TCJ2 IO program records, a random search for information on US Persons in the Intelligence database and the SIPRNET, a review of the CD-ROM library, personal interviews and a visit with the systems administrative personnel. The inspection team found a very well organized and executed program that evidenced a lot of effort by the IO monitor. All personnel interviewed were aware of IO procedures and rules. No unauthorized data was found on US persons within the intelligence databases or in the CD-ROM library.

10. **USSPACECOM IG** reported no IO violations during this quarter. One person was given Initial IO Training. 25 individuals were given refresher training.

2. USJFCOM reported the investigation regarding the Joint Forces Intelligence Command (JFIC) procedure 15 violation was concluded and forwarded to ATSD-IO via Joint Staff Deputy IG. No other intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order, Department of Defense, or service instructions concerned with Intelligence Oversight. Significant oversight activities taken:

   a. USJFCOM (J00L) is currently working on the legal position regarding the request of JTF-CS for JFIC support in collecting information for planning purposes regarding 120 U.S. cities. JTF-CS mission, as outlined in the Unified Command Plan of 1999 (UCP-99) is to support other federal and state agencies during the consequence management stage of a Chemical, Biological, Radiological, Nuclear, or High Yield Explosive (CBRNE) event.

   b. JOINT FORCES INTELLIGENCE COMMAND (JFIC) reported the investigation into a procedure 15 violation of DoD 5240.1-R was concluded by the JFCOM IG and substantiated the allegation. JFIC Instruction 5240.1 (Intelligence Oversight) is under development, and will include training requirements, specific procedures in light of supporting JFT-CS, and periodic review requirements.

   c. JOINT TASK FORCE (JTF-6) conducted Intelligence Oversight visits to 72 reserve Intelligence Analysts.

   e. JOINT PERSONNEL RECOVERY AGENCY (JPRA) conducted Intelligence Oversight Training for 20 JPRA employees at Fairchild AFB, WA and 29 employees at HQ JPRA, Ft. Belvoir, VA.
f. JOINT C4ISR BATTLE CENTER (JBC) conducted Intelligence Oversight training to four new JBC members IAW JBC procedures.

3. USSTRATCOM IG reported USCINCSTRAT Inspector General (J005) and Staff Advocate Judge Advocate (J060) conducted an Intelligence Oversight Inspection of the J521-Targeting Branch [USSTRATCOM J5 Plans & Policy Directorate] from 13-14 March 2001. The IO program was found to be in compliance with guidance of DoD 5240.1-R.

4. USEUCOM IG reported no IO violations during this quarter. All commands conducting indoctrination and refresher training as required.

5. USSOUTHCOM IG reported no IO violations during this quarter. All commands conducting indoctrination and refresher training as required.

6. USCINPAC IG reported no IO violations during this quarter. All commands conducting indoctrination and refresher training as required.

7. USCENTCOM IG reported no questionable intelligence activities during this reporting period.

8. USSOCOM IG reported no violations of applicable laws, orders, directives, regulations, or DoD policies.

9. AMC IG reported no IO violations during this quarter.

10. SPACECOM reported no IO violations during this quarter. All commands conducting indoctrination and refresher training as required.

Subject: Intelligence Oversight (IO) Report for the Second Quarter FY-02

2. (U) USJFCOM: Intelligence Oversight Violation Report. In a document titled "JFCOM J2 LNO UPDATE 190130T FEB 02" an intelligence oversight violation occurred. This document was disseminated by the JFCOM liaison element assigned to JTF-Olympics and working at the FBI's Olympic Intelligence Center. The document labeled "UNCLASSIFIED/LAW ENFORCEMENT SENSITIVE" contained US Persons data in referring to, and reporting on, organizations (Planned Parenthood, the white supremacist group National Alliance) and their involvement in protests and literature distribution. Also noted was the report contained a large section labeled "GENERAL CRIMINAL ACTIVITY". Collection and dissemination of the US Persons information by military intelligence assets is not allowed unless this information constitutes "Foreign Intelligence" as outlined in paragraph 3 of Procedure 2, DoDR 5240.1-R (i.e. international nexus). The inclusion of these two sections in this intelligence product is clearly outside the purview of military intelligence assets and should be handled through law enforcement or Anti-Terrorism/Force Protection channels. An inquiry into the circumstances of this violation was conducted and the result will be forwarded via separate correspondence.

   a. (U) Joint Forces Intelligence Command (JFIC) will conduct a Command Security Standown from 22-25 Apr 02, which will include the annual IO training requirement. Conducted training on 37 new joins and 42 watchstanders.

   b. (U) Joint Task Force Six (JTF-6) conducted a site visit to a deployed Intelligence Analyst in conjunction with [information redacted] DAIG, and [information redacted]
from ATDSIO on 27 Feb 02. IO visits were conducted to 73 reserve Intelligence Analysts during the reporting quarter (including ATSD-IO and DAIG visits.) This represents an inspection ratio of 7% of all deployed JTF-6 analysts. Visits were conducted to all first tour analysts, and first time supported law enforcement agencies.

c. (U) Joint Task Force Olympics (JTF-O) received a site visit from USJFCOM IG and ATSDIO from 23-25 Jan 02. The visit was to ensure compliance with IO regulations while engaged in a real world mission within the United States. The organization displayed excellent knowledge of IO issues and guidance and no violations occurred during this operation.

3. (U) USSTRATCOM IG reported no IO violations or questionable activities during this reporting period.

4. (U) USEUCOM IG reported no IO violations during this quarter. Intelligence oversight training: initial briefing: 153; refresher briefings: 12. EUCOM J2 conducted a self-inspection. No personnel were interviewed. Materials inspected: 25% of division personnel files, computer disks, and administrative holdings. The IG conducted staff assistance visits to the US National Intelligence Centers in Sarajevo, Bosnia-Herzegovina and Pristina, Kosovo.

5. (U) USSOUTHCOM IG no significant intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order 12333, DoD directives or USSOUTHCOM regulations. Training: all new personnel received initial training in March. In addition, all personnel who required it received refresher training. Files reviewed: SCJ2 inspected 20% of its files. No irregularities reported. Completed review of the Patriot Act for Intelligence Oversight implications. None noted. Developed new report module in STEM-ISIS that permits rapid identification of personnel who need IO training. The next programming effort will incorporate an automatic e-mail notification directing personnel to take the training via CBT, with training results generating automatic input to the database. This effort will cause marked efficiency in conducting and tracking IO training.

Inquiries: conducted inquiry into alleged IO violation. [b](1),[b](3):10 USC §424 submitted an Intelligence Information Report (IIR) to DIA concerning a person in the then submitted a follow-up report with unconfirmed and unevaluated information that the person may be a U.S. citizen and therefore, no violation occurred.

Opinion regarding possible U.S. Person detainee: Entered into discussions with ATSD-IO and SCSJA for a decision regarding information obtained from detainees in Guantanamo who might be found to be U.S. Persons. ATSD-IO concurred that EXORD 16 Feb 02.
JTF 170 constitutes a duly authorized mission, that a detainee who turns out to be a U.S. Person is an exemption under Procedure 2, and since DoD intelligence is authorized to interrogate and acquire information as part of the team that includes the FBI, we are authorized to report, retain, publish, and disseminate that information. [(b)(6) contacted JCS Legal Counsel regarding our discussions; JCS legal counsel also concurred with our opinion. It was subsequently determined by the U.S. that a detainee (Himdy) is a dual citizen (born in the U.S.), and therefore he was relocated from Guantanamo to the U.S.

b. (U) Joint Southern Surveillance Reconnaissance Operations Center (JSSROC) – Conducted normal in-processing IO briefing with all incoming personnel.

c. (U) Special Operation Command South – negative report submitted.

d. (U) Joint Interagency Task Force-East (JIATF-E) – LAW directive the following is provided: possible violation on 25 Feb 02, an aircraft from the 204th Military Intelligence Battalion tactically assigned to JIATF East was diverted from their pre-planned mission in Colombia to answer an Ad Hoc tasking. The request for information originated from the U.S. Embassy in Colombia to support a force protection mission. Details of this incident are contained in the procedure 15 submitted by USAINSCOM with assistance from JIATF East.

6. (U) USPACOM IG reported no IO violations during this quarter. All commands conducted indoctrination and refresher training as required. A Staff Assistance Visit was conducted at USFJ. DoD IG conducted an inspection of USFK. Both were evaluated as satisfactory.

7. (U) USCENTCOM IG reported no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB FL are receiving initial intelligence oversight training.

8. (U) USSOCOM IG reported no violations of applicable laws, orders, directives, regulations, or DoD policies. 4/8/02

9. (U) USTRANSCOM IG representatives of the offices of the Inspector General (TCIG) and the Chief Counsel (TCJA) conducted the USTRANSCOM IO program quarterly inspection on the Joint Transportation Reserve Unit (JTRU) Intelligence personnel who are working within the Joint Intelligence Center (JIC). The TCJ2 IO Program Monitor and Alternate were also present on 28 Mar 02 because they provide the IO training to the JTRU personnel. The inspection included a review of the TCJ2 (JIC) IO training records and
personnel interviews with JTRU personnel to ensure they knew their responsibility under the IO program. The personnel and team discussed several scenarios and the response actions expected of intelligence personnel. They also discussed, to a limited degree, the nature of the Patriot Act and the impact that the events of 11 Sep 01, have had on the intelligence community. The inspection team found a very well organized and executed program that evidence a lot of effort by the IO monitor. The unit's IO training and documentation comply with all applicable directives. The inspection team did not find any discrepancies with the IO training book. Unit members knew who their current IO points of contacts were and how to contact them. All personnel interviewed knew the IO procedures and rules. There were no IO incidents reported this quarter.

10. (U) USSPACECOM reported no IO violations during this quarter. 69 individuals received initial IO training, 138 individuals were given refresher training. Total trained: 207.

MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

Subject: Intelligence Oversight (IO) Report for the First Quarter FY-06

2. (U) USCENTCOM IG reported no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB FL are receiving initial intelligence oversight training.

3. (U) USEUCOM IG reported no IO violations during this quarter. Intelligence oversight training included: initial briefing 134; refresher briefings 53. EUCOM J2 conducted a self-inspection, at Joint Analysis Center, SHAPE Survey, USNIC-S, USNIC-P, 105 personnel were interviewed and no materials were inspected.

4. (U) USJFCOM IG Significant Intelligence Oversight (IO) activities taken:

   USJFCOM conducted a unit compliance inspection of the Joint Systems Integration Command (JSIC) and Joint Transformation Command – Intelligence (JTI-C) during this reporting period. The inspections found that both commands placed appropriate awareness and that operations do not violate IO regulations. The inspections produced no findings or comments in the IO inspection area. USJFCOM Intel Oversight coordinator and NORTHCOM IG conducted discussion on proper routing and approval of domestic imagery Proper Use Memorandums.
5. **(U) USNORTHCOM IG** The Assistant to the Secretary of Defense for Intelligence Oversight (ATSD-IO) conducted an Intelligence Oversight Inspection at JTF-AK on 4 Nov 2005. During that visit, the inspectors discovered a possible violation. All documents pertaining to the possible violation have been purged from their computer systems, and an Informal Inquiry is being conducted. The Informal Inquiry should be completed and forwarded by 13 Feb 06. **Training:** SJFHQ-N’s Joint Support Team conducted quarterly training for all personnel on 9 Dec 05. JTF-N conducted IO training for two Intelligence Analysts on 9 Dec 2005. JTF-AK/ALCOM indicates that all personnel are current with training. N-NC J2 conducted training for all personnel in the Directorate (108) during this quarter.

6. **(U) USPACOM IG** **Training:** all reporting commands are conducting indoctrination and refresher training. **Inspections/Staff Assistance Visits (SAVS):** to ensure compliance with applicable laws and regulations, IO file custodians in JIATF-West reviewed their files containing information on U.S. persons. The Assistant to the Secretary of Defense for Intelligence Oversight (ATSD-IO) conducted an Intelligence Oversight inspection on Alaskan Command (ALCOM) on 4 November 2005. During that visit, the inspectors discovered a violation. **Corrected Action:** All documentation pertaining to the violation has been purged from their systems.

7. **(U) USSOUTHCOM IG** no significant intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order 12333, DoD directives or USSOUTHCOM regulations. **Training:** automated e-mail is generated at senior level and is sent to all personnel who are required to undergo training during that month. In October, a comprehensive review of the database was done to see who was overdue for training. Those identified were personally directed to complete the training. **Files reviewed:** SCJ2 inspected 10%, with no irregularities reported.

    b. **(U) Special Operation Command South** – negative report submitted.

    c. **(U) Joint Interagency Task Force-South (JIATF-J2 CI)** – USSOUTHCOM Inspector General review of JIATF South Intelligence Oversight with no significant findings. Tactical Analysis Team (TAT) Annual Intelligence Oversight training was conducted on 20 May 2005.

    d. **(U) Joint Task Force – GTMO, Guantanamo Bay, Cuba** – Training: web-based IO training was sent out in a Mission Support Order (MSO) by the JTF-GTMO Chief of Staff in Sep 05. It was accomplished by all JTF-GTMO Intelligence personnel by Oct 05. Intelligence Oversight training is now conducted by the JTF-GTMO Command Security Manager at all the Newcomer’s briefings. Additionally, IO summary cards are
distributed to all JTS-GTMO personnel. Inspection: SOUTHCOM IG conducted an inspection of the JTF-GTMO Intelligence Oversight Program. All discrepancies have been closed. Files review: Approximately 60% (intelligence) personnel turnover and reassignment recently occurred.

8. (U) USSOCOM IG reported no violations of applicable laws, orders, directives, regulations, or DoD policies.

9. (U) USSTRATCOM IG IO inspections were conducted on the Counter Intelligence Branch (J227), Foreign Disclosure and Special Security Officer (J21), Intelligence and SCI Systems Division (J26), the Joint Information Operations Center (JIOC), the Airborne National Command Post (J317), ISR Division (J23), Worldwide Missions Branch (J2243) and China Missiles Branch (J2243). During these inspections no questionable activity was detected.

10. (U) USTRANSCOM IG There were no IO incidents reported this quarter. Inspections: Deputy Inspector General conducted the program quarterly inspection. There were no questionable activities reported.

MEMORANDUM FOR INSPECTOR GENERAL, THE JOINT STAFF
(ATTN: [b][6] USA)

FROM: NORAD-US NORTHERN COMMAND Inspector General

SUBJECT: Joint Task Force - Alaska (JTF-AK) J2 Intel Oversight-Violation Informal Inquiry

1. Due to a possible Intelligence Oversight (IO) violation by the JTF-AK J2, as per the 18 November 2005 Memorandum for the Inspector General, Joint Staff, written by the Assistant Secretary of Defense (IO), the NORAD-NORTHERN COMMAND (N-NC) IG coordinated with the Pacific Command Inspector General and the 11AF/Inspector General under Alaskan Command (ALCOM) to conduct an Informal Inquiry into the matter. Details of the inquiry are provided below.

a. A DoD IO inspection of the JTF-AK J2 took place on 4 Oct 05. The inspectors, [b][6] asked to see the contents of an archive file located on a J2 computer, and archive data from 26 September 05 was reviewed and evaluated. Upon noting an item of interest, the inspectors asked to see the suspect briefing, referenced in an email, and commented with concern that the names of U.S. Persons (USP) groups were included in the brief. The inspectors directed J2 personnel to change actual names of the USP groups for the [b][6] demonstrations to USP Group 1 and USP Group 2. A hardcopy of the original brief was printed and retained by the J2 IO Officer [b][6] prior to changing the names of the groups. The DoD inspectors retained a hardcopy of the email source document. Following the inspection out-brief, the J2 IO Officer directed the J2 personnel to delete the archive briefing so there would be no IO concern and to ensure information was destroyed within the 90-day limit of determining no connection to foreign entity or terrorist threat (ref. DoDD 5240.1-R).

b. The N-NC IG and ALCOM IG were informed by the Joint Staff IG that an IO violation had occurred in JTF-AK. JTF-AK is a subordinate of U.S. Northern Command, but also is an entity of ALCOM and the personnel are assigned to PACOM, therefore N-NC IG contacted the PACOM IG to include all parties. The N-NC IG office coordinated with the PACOM IG office to determine responsibility to conduct the inquiry. It was decided that N-NC would take the lead in the inquiry, and keep PACOM informed of all action. The 11AF/IG was queried whether this inquiry would necessitate additional manpower, via augmentation by the N-NC IG staff, but following fact-finding efforts, it was determined that [b][6] of the 11AF/IG office, would receive guidance but could execute the inquiry without additional personnel augmentation.
c. Coordination regarding fact-finding, evidence search, generation of pertinent questions, and interview coordination was made between all IG offices. Then drafted a memorandum consolidating all facts and reporting the inquiry findings.

d. The N-NC IG directed the JTF-AK J6 to perform a search of all computers in JTF-AK, directing hard copy evidence be provided to the IG, as the source email indicated a force protection announcement promulgated to all personnel. Specific parameters for the search were coordinated with the 11 AF IG, who then provided the guidance to JTF-AK J6. A completion deadline was given of NLT 16 Dec 05, which was less than 90-days from origination of the offending material.

e. The 11 AF IG conducted interviews and collected statements from appropriate personnel within JTF-AK, and shared this material with N-NC IG. These interviews provided a timeline and sequence of events (attachment 2), along with motivating factors concerning the events leading to the DoD IO violation letter (attachment 3).

2. The N-NC IG had two major concerns regarding the IO violation:

   a. JTF-AK J2 personnel may have downloaded from the internet information that specifically identified a (USP) group which was planning a peaceful anti-war demonstration.

      The inquiry discovered that JTF-AK J2 personnel did not download any information from the internet regarding this event. The information was provided to them through the NIPRNET email to all ALCOM personnel by the ALCOM Anti-Terrorism/Force Protection (AT/FP) Officer. The AT/FP Officer (ALCOM J334) downloaded the information from the internet and disseminated throughout the command on 21 Sep 05 for AT/FP information, warning, and protection of personnel and assets. The demonstration was to be held over the weekend on 24 Sep 05.

   b. This information was retained in J2 files, was included in a command briefing presented by the J2, and then disseminated to the command.

      It was found that the J2 received the email message from J334 on 21 Sep 05, and tasked J2 personnel to include the event in the next weekly J2 senior staff/director's brief to be held 26 Sep 05. The brief was drafted and finalized the morning of 26 Sep 05. Results of the demonstration were gathered from TV and newspaper reports. J2 personnel retained the original email tasking from J2 and filed a hardcopy in an archive file as supporting documents to the weekly briefing. JTF-AK J2's normal process is to destroy supporting documents to the weekly briefing after four weeks. J2 personnel did not disseminate the email message from J334.
3. To summarize, the ALCOM J334 (AT/FP officer) disseminated the event data to all ALCOM staff as an AT/FP notice. The J2 included the results of the events in a weekly senior staff meeting, and filed the briefing's supporting documents in an archive file to be destroyed after four weeks. Prior to the four week purge date, DoD IO inspectors discovered the material during an inspection. Corrective action was taken to destroy the offending material at that time, and the J2 changed their policy to insure they will not include the actual names of USP groups in future documents or briefs.

4. At the request of the N-NC IG office, JTF-AK J6 completed a search and purge of all computers in JTF-AK for data files containing information related to the IO violation (attachment 8). This action was completed on 15 December 2005, meeting the 90-day timeline required in DoD 5240.1-R.

5. The N-NC IG office directed JTF-AK to conduct refresher IO training for all assigned J2 personnel as soon as possible. The N-NC J2 legal advisor (Mr. Bob Hilmo) has agreed to conduct the training if requested. The training will have emphasis placed on the proper use and understanding of constitutional constraints, and the laws and directives which govern the collection, dissemination and storing of sensitive information as contained in E.O. 12333, DoD 5240.1, and DoD 5240.1-R. Additionally, N-NC has addressed the propensity for similar events causing a Force Protection notice or event to transit into Intelligence channels and has briefed all subordinate Joint Task Forces about the related risk, sensitive handling, and appropriate references.

FROM: AF/IG
9480 Pease Ave Ste 118
Elmendorf AFB AK 99506

SUBJECT: JTr-AK/ALCOM J2 Intel Oversight Violation

1. AF/IG has conducted interviews, collected statements from appropriate personnel to provide a timeline and sequence of events (attached), along with motivating factors concerning the events leading to the DoD 10 violation letter (attached).

2. The first concern was:

"J2 personnel may have downloaded from the internet information that specifically identified a United States Person (USP) group (Alaskans for Peace and Justice) which was planning a peaceful anti-war demonstration."

J2 personnel did not download any information from the internet regarding this event. The information was provided through NIPRNET e-mail to all ALCOM personnel by the ALCOM Anti-Terrorism/Force Protection (AT/FP) Officer. The AT/FP Officer (ALCOM J314) downloaded the information from the internet and disseminated throughout the command on 21 Sep 05 for AT/FP information, warning, and protection of personnel and assets. The demonstration was to be held over the weekend on 24 Sep 05.

3. The next concern was:

"This information (attached) was retained in J2 files, may have been included in a command briefing, and then may have been disseminated."

The J2 received the email message from (b)(6) and tasked J2 personnel to include the event in the next weekly J2 senior staff director's brief to be held 26 Sep 05. The brief was drafted and finalized the morning of 26 Sep 05 (excerpt attached). Results of the demonstration were gathered from TV and newspaper reports. J2 personnel retained the original email tasking from J2 and filed a hardcopy in an archive file for supporting documents to the weekly briefing. Normal process is to destroy supporting documents to the weekly briefings after four weeks. J2 personnel did not disseminate the email message from (b)(6) b(ii)

4. The DoD 10 inspection took place on 4 Oct 05. The inspectors asked to see the contents of the archive file, and archive data from 26 Sep was pulled and evaluated. The inspectors asked to see the suspect briefing and commented with concern that the names of the USP groups were included in the brief. The inspectors directed J2 personnel to change actual names of the USP
groups for the (b)(6) events to USP Group 1 and USP Group 2. A hardcopy of the original brief was printed and retained by the J2 IO Officer prior to changing names of the groups. The inspectors retained the hardcopy email source document. Following the inspection outbrief, the J2 IO Officer directed J2 personnel to delete the archive briefing so there would be no IO concern and to ensure information was destroyed within the 90-day limit of determining no connection to foreign entity or terrorist threat.

5. To summarize (b)(6) disseminated the event data to all ACCM staff as a AT/FP notice. J2 included the results of the events in a weekly senior staff meeting, and filed the briefing's supporting documents in an archive file to be destroyed after four weeks. In the future, J2 will not include the actual names of USP groups when reporting on demonstrations or events where these types of groups are present.

MEMORANDUM FOR INSPECTOR GENERAL, JOINT STAFF

SUBJECT: Intelligence Oversight Violation

During a recent Intelligence Oversight inspection of Alaska Command's J2 Section, my inspectors discovered that J2 personnel may have downloaded from the internet information that specifically identified a United States Person (USP) group which was planning a peaceful anti-war demonstration. This information (attached) was retained in J2 files, may have been included in a command briefing, and then may have been disseminated. J2 personnel were unable to articulate a reasonable belief that this USP group was connected to any foreign entity. Under the provisions of the reference, DoD intelligence components may not collect, retain, and/or disseminate information on USPs involved in peaceful demonstrations, unless a reasonable belief of a foreign nexus exists.

Please examine this situation and advise me of your conclusions and corrective actions.

Series of Activities in Alaska (June to September) (Continued)

(U/FOUO) Reported Suspicious Activity In Alaska - Jun 05 - Sep 05:

(U/FOUO) Conducted a peaceful (b)(6) anti-war demonstration on the (b)(6) in conjunction with major demonstrations nation-wide. (Seattle, Los Angeles, and San Francisco).

• Local protests have been peaceful in the past.

• Conducted a one-day protest (b)(6) planned outside (b)(6) the latest in a series of annual "peace protests" conducted since missile defense activities began at the site.

• In 2004, several Canadians participated in the protest.

• The planning organization is a US group with no history of violence or illegal activity against DoD.

• In the event, four personnel showed up, who mocked missile defense activities by attempted to intercept potatoes launched out of homemade launchers. There were no reported incidents with the installation.

Sir,

As the IO POC, I did not handle the information in question, hence the reasons for some of my responses to your questions. I only became aware of the violation during the actual inspection conducted on 4 Oct by the ATSD (IO) representatives. The inspectors conducted a poor outbrief with myself and during which time verbal feedback was inconsistent with the actual violation write-up. They only mentioned the demonstration outside, not the event in the

This is follow-up to the OSD IO inspection from last Sep. The first document is a list of questions for which you need to provide your best try on answers. The second item relates to the discussion I had with the N-NCIG folks reference this question, which was predicated on our understanding at the time that the violation concerned our reporting the demonstration. Based on follow-up with the N-NCIG, our reporting of the demonstration on the same timeframe is apparently the one that OSD considered to be a violation. The third item is the email from that alerted us to the demonstration.

Answer the IO violations questions as honestly as you can and without reference to each other. If you can't remember, don't make it up. I was the final approving authority for the brief, so neither of you should be sweating consequences. Provide your answers back directly to He works in and promised to try to get this all back to him by COB Monday. If issues with the timing, let me know.

As we discussed, attached is the list of questions NORTHCOR IG wishes to be answered by all personnel involved in this issue. Please forward all of your personnel who would have any input to answering and courtesy copy me on your passing email or memo. Advise all personnel to respond back to me and only me with a hard copy of the word document and not to send via email. Also advise all personnel not to discuss their answers with anyone. Once personnel provide me a hardcopy, advise them to purge the electronic document.

Also attached is your email correspondence with and info, and the initial message email from ATFP officer to you for inclusion in brief.

I will further investigate the claim from DoD 10 that what they attached was intended or if it was meant to be (b)(6).

Questionnaire: b(lw)  

1. (b)(5) b(6)

An e-mail from (b)(6) alerted us to the planned demonstration at (b)(6). 

Press reporting alerted us to the pending demonstration at (b)(6). 

2. (b)(5) b(6)

The Command has a responsibility to ensure the protection of DoD installations, assets, and personnel in (b)(6). 

The (b)(6) demonstration was scheduled as part of planned nation-wide demonstrations against the GWOT and in the context of the annual demonstration against missile defense by a named U.S. group outside (b)(6). 

Persons who oppose the GWOT, not limited to persons in (b)(6), represent the full range of the spectrum of political opinion, including persons who might be tempted to exploit a demonstration for their own purposes. Military personnel commuting to work through (b)(6) or with business in downtown (b)(6) are typically warned to avoid demonstrations against the GWOT to minimize the possibility of incidents. The demonstration at (b)(6) in 2004 included an busload of Canadians of unknown providence. 

3. (b)(5) b(6)

Notification of the demonstration came through networks and through public media (b)(6). 

The results of the (b)(6) demonstration were broadcast on the nightly TV news (b)(6) and in the (b)(6). 

The results of the (b)(6) demonstration were published in the (b)(6). 

4. (b)(5) b(6)

Only the information that the demonstrations in (b)(6) and at (b)(6) had occurred peacefully and without incident was included in a weekly J2 command update briefing (powerpoint) provided to the ALCOM Commander and Directors. The briefing was posted on the ALCOM J2 net web site after being briefed to the ALCOM Directors. 

5. (b)(5) b(5)
1. (b)(5) (b)(5)
I received the information via e-mail from (b)(6) (b)(6).

2. (b)(5) (b)(5)
(b)(6) asked that the information be included in the weekly Director's Brief.

3. (b)(5) (b)(5)
E-mail

4. (b)(5) (b)(5)
The data was included in the weekly Director's Brief and the only e-mail was sent between me and (b)(6) during the process of my writing the brief and his checking the brief.

5. (b)(5) (b)(5)
I received the data on my (b)(6) unclassified e-mail account (b)(6) in the SCIF (b)(6) (b)(6).

6. (b)(5) (b)(5)
The data was contained on the Niprnet/Siprnet in my e-mail accounts on each system and also on the Siprnet on the share drive in a private briefing folder on a powerpoint slide. I had also printed out the e-mail and stowed it in a folder labeled SECRET.

7. (b)(5) (b)(5)
I received the e-mail on September 21, typed up the brief within a few days of receipt which means I would have e-mailed the brief to (b)(6) within that same timeframe. The brief/e-mail (to the best of my recollection concerning the e-mail) was kept until the information was questioned as a violation of IO policy on October 4. Immediately after the inspection, the e-mails and briefing slides were deleted on my computer and the printed copy was retained by the inspectors.

8. (b)(5) (b)(5)
Delete from e-mail, delete from private folder and deleted from recycling bin.

9. (b)(5) (b)(5)
As understood from numerous training events on IO policy, (b)(5)
and if there was no viable threat then the information was to be destroyed.
In addition to that rule, the gentlemen who conducted the inspection discussed with us that their concern was that we had reported the event specifically naming the group responsible. The incident that they were concerned with was at (b)(6) and not the one in (b)(6).

10. (b)(5) (b)(5)
   Only that they have conducted demonstrations/protests in the past.

11. (b)(5) (b)(5)
   Mit training was done the first week of September by the (b)(5)

12. (b)(5) (b)(5)
   Keep the names of groups and persons more anonymous by using generic terms such as US Group One or US Person One, etc.
MEMORANDUM FOR JTF-AK J6

FROM: NORAD-USNORTHERN COMMAND (N-NC) Inspector General

SUBJECT: Search and Purge of JTF-AK Data Bases

1. Due to a possible Intelligence Oversight (IO) violation in the JTF-AK J2, the N-NC IG directs that you perform a search of all computers in JTF-AK. Specific parameters for the search are being coordinated with the ALCOM IG, (b)(6), who will provide to J6. The specific material is prohibited from DoD channels and once printed for documentation must be purged. A completion deadline has been determined as NLT 16 Dec 05, less than 90 days from origination.

2. If any prohibited information is found, prior to deleting it, please print a copy of the data and provide to (b)(6). He will facilitate appropriate transmittal of the data.

3. Upon completion of the search and purge operations, please draft a memorandum signed by the J6 attesting to the successful search/deletion of any prohibited data.

4. N-NC IG's point of contact for this action is (b)(6) DSN 692-0989, commercial (719) 554-0989.

MEMORANDUM FOR NORAD-USNORTHERN COMMAND, 250 Vandenberg, Peterson AFB, CO 80914

SUBJECT: Search and Purge of JTF-AK Data Bases

1. At the request of the NORAD-USNORTHERN COMMAND (N-NC) Inspector General (IG), JTF-AK/J6 has completed a search and purge of all computers in JTF-AK for data files containing information related to the possible Intelligence Oversight (IO) violation by the JTF-AK/J2 on or about 21 Sep 05.

2. A search of JTF-AK NIPRNET systems was conducted and all prohibited information found was printed and faxed to the N-NC IG and subsequently purged. A search of JTF-AK SIPRNET systems revealed no instances of the prohibited material and the JTF-AK/J2 verified the message was not transmitted on the JWICS network.

3. The JTF-AK point of contact for this matter is JTF-AK/J6, DSN (317) 552-3123.

MEMORANDUM FOR INSPECTOR GENERAL, THE JOINT STAFF

Subject: U.S. Joint Forces Command (USJFCOM) Intelligence Oversight Report for the Third Quarter FY-05

1. Illegal or improper activities:

   No intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense instructions concerned with intelligence oversight.

2. Significant Intelligence Oversight (IO) activities taken:

   USJFCOM conducted a unit compliance inspection of the Joint Personnel Recovery Agency (JPRA) during April 2005. The inspection found that JPRA placed appropriate emphasis on IO awareness, and the inspection produced no findings or comments in the IO inspection area. Per USJFCOM and directorate instructions, Joint Systems Integration Command (JSIC) conducted annual Intelligence Oversight training during the third quarter. The Joint Warfare Analysis Center (JWAC) used the updated annual training brief from Assistant to the Secretary - Intel Oversight (ATSD-IO) to improve annual IO training. Joint Transformation Command - Intelligence (JTC-I) passed out IO reminder cards to all personnel at a recent security stand-down. JTC-I’s SIPRNET websites were updated with IO governing instructions.

MEMORANDUM FOR INSPECTOR GENERAL, THE JOINT STAFF
(ATTN: (b)(3) 10 USC 130b (b)(6)

FROM: NORAD-US NORTHERN COMMAND Inspector General

SUBJECT: US NORTHERN COMMAND (USNORTHCOM) Intelligence Oversight Report for Third Quarter FY05

1. Illegal or Improper Activities

   a. No intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense directives concerned with Intelligence Oversight for USNORTHCOM or its subordinate joint commands.

2. Significant Intelligence Oversight (IO) Activities

   a. The N-NC J2 Intelligence Oversight program manager fielded a request for assistance from CONR/1st Air Force during this quarter. 1st AF's query centered around the propriety of using Civil Air Patrol platforms for shooting Imagery needed to support consequence management operations. HQs N-NC J2 had previously researched this issue in connection with last year's support, provided in the wake of last year's hurricanes in Florida. 1st AF was provided with the command policy on Domestic Imagery Collection and a fresh opinion from (b)(6). Also during this quarter, the Deputy Undersecretary of Intelligence for Counterintelligence and Security released a memo which appears to loosen extant collection restrictions on the service CI elements substantially. Under the newly released memo, service CI element ability to collect on domestic extremist groups appears to have been bolstered. Although this is not a 5240.1R issue, it is a 5200.27 issue. That said, however, the memo's actual meaning/impact is still being discussed within legal circles. No practices or procedures here at N-NC will be changed until ultimate consensus on this issue is achieved and promulgated.

   b. Training: CIFC conducted initial training for six individuals. JTF-N conducted annual intelligence oversight training for all JTF-N personnel on 22 Jun 2005. Additionally, on 27 Jun 2005, a memo was generated to identify additional duty appointments for Intelligence Oversight Officers and Monitors.
Future plans are in work for enhanced IO training and situational awareness exercises to recognize potential IO violations. JTF-CS, SJFHQ-N, and JTF-AK/ALCOM all indicate that personnel are current with training. The IO Program Manager will host the quarterly IO Review Panel meeting on Monday, 11 Jul 2005 at the CICF. SJFHQ-N has been invited and permanent member status will be addressed at that time.

c. Suggestions for Improvement: JTF-N submitted two inputs for possible improvement. First, they suggest that USNORTHCOM host an annual IO conference to discuss issues, policy, and challenges with regard to information sharing on transnational threat issues, support to law enforcement, and collection/retention/dissemination of open source intelligence. The issues surrounding this idea and topics will be discussed at the quarterly IO Review Panel. Second, JTF-N suggests that it would be beneficial to re-introduce reserve intelligence analysts to select law enforcement agencies as an extension of USNORTHCOM analytical capability. They suggest that these personnel could enhance communication and funnel useful information to USNORTHCOM for added fidelity. This idea will also be discussed at the quarterly IO Review Panel.

3. POC for this report is USN DSN 692-4052, commercial (719) 554-4052. It is expected that N-NC IG will hire an Intelligence Specialist, during the next quarter, and he/she will become the primary POC for future reports. Finally, I bid you farewell. My replacement USAF has arrived and will relieve me at the end of the month.

Subject: U.S. Joint Forces Command (USJFCOM) Intelligence Oversight Report for the Fourth Quarter FY-05

1. Illegal or improper activities:

   No intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense instructions concerned with intelligence oversight.

2. Significant Intelligence Oversight (IO) activities taken:

   USJFCOM conducted a unit compliance inspection of the Joint Warfighting Center (JWFC) during July 2005. The inspection found that JWFC placed appropriate emphasis on IO awareness and that JWFC properly reviews exercise planning and execution to insure that exercise imagery does not violate IO regulations. The inspection produced no findings or comments in the IO inspection area. Joint Transformation Command - Intelligence (JTC-I) and USJFCOM J2 reviewed and forwarded proper use documentation in support of Hurricane Katrina. Imagery was used by DoD units to assess and respond to the damage caused by the hurricane. Per USJFCOM and directorate instructions, Joint Personnel Recovery Agency (JPRA) and Joint Fires Integration and Interoperability Team (JFIIT) conducted annual Intelligence Oversight training during the fourth quarter.

ENCLOSURE D - USNORTHCOM
MEMORANDUM FOR INSPECTOR GENERAL, THE JOINT STAFF
(ATTN: (b)(3) 10 USC 130b.(b)(6))

FROM: NORAD-US NORTHERN COMMAND Inspector General

SUBJECT: US NORTHERN COMMAND (USNORTHCOM) Intelligence Oversight Report for Fourth Quarter FY05

1. Illegal or Improper Activities

No intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense directives concerned with Intelligence Oversight for USNORTHCOM or its subordinate joint commands.

2. Significant Intelligence Oversight (IO) Activities

a. The N/NC IG completed an IO Staff Assistant Visit (SAV) of the JFHQ-NCR. The JFHQ-NCR J2 is well versed in their duties and responsibilities, understanding constitutional restraints, and the laws and directives which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by Intelligence Oversight guidance or acquired on non-DoD persons. The program is sound with only minor recommendations for improvement. Beginning next quarter, JFHQ-NCR will begin to provide an IO quarterly report to this office.

b. Training: SJFHQ-N conducted annual intelligence oversight training for all SJFHQ-N personnel on 8 Aug 2005. JTF-N conducted IO training for the Intelligence Preparation of the Battlespace Mobile Training Team (MTT) prior to their deployment to mission location on 9 Sep 2005. JTF-AK/ALCOM indicates that all personnel are current with training.

c. Suggestions for Improvement: SJFHQ-N submitted one input for possible improvement. In light of the personnel deployments during operations for Hurricanes Katrina and Rita, they stressed the importance of having a common understanding of IO policy for use in future operations. JTF-N also submitted one input. They suggested that as an inclusion to any future NORTHCOM level IO Conferences, an Intel Law portion be discussed to introduce intelligence oversight professionals on the legal community interpretations of various IO references, policy and guidance documents.

MEMORANDUM FOR THE INSPECTOR GENERAL, JOINT STAFF

Subject: Intelligence Oversight (IO) Report for the period of Jul - Sep 2005

1. There was one report of questionable IO activity discovered during the personal interview portion of the Space Intelligence Division's (J225) IO annual inspection.

   a) An individual interviewed during the inspection of J225 brought up a potentially questionable IO activity and raised concerns that an environment of reprisal might exist in the division.

   i. Fact-finding and interviews conducted by The Office of the Inspector General (JO05) and The Office of the Staff Judge Advocate (JO06) determined, to the satisfaction of JO05, JO06, the employee who initially raised the concerns, and their chain of command, that the activity was NOT an IO violation. Ineffective feedback to the individual had left lingering concerns in the employee's mind after the initial allegation of a potentially questionable IO activity to his chain of command.

   ii. Additional education of the employee or responsibilities in personnel hiring and firing policies reinforced, to a level of satisfaction of the employee, that reprisal was not to be expected for reporting questionable IO activity. The employee no longer feels the perception of potential reprisal exists in the division based on reporting questionable IO activity.

2. IO inspections were also conducted on the Joint Intelligence Center's Operation division (J221), Global Target Support branch (J2223), HDBT branch (J2224), Information Operations Intelligence division (J2235), Intelligence and SCI Systems division (J226), the Intelligence Resources Management division (J25), the Operations Directorate Front Office (J3X) and the Joint Forces Component Command - Space and Global Strike (JFCC-SGS) Targeting Selection division (J52). During these inspections no questionable activity was detected.

MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

Subject: Intelligence Oversight (IO) Report for Second Quarter FY06

   a) (U) USJFCOM IG reports significant Intelligence Oversight (IO) activities taken. USJFCOM conducted a unit compliance inspection of the Joint Fires Integration and Interoperability Team (JFIIT) during this reporting period. The inspection found that JFIIT placed appropriate emphasis on IO awareness and that operations do not violate IO regulations. The inspection produced no findings or comments in the IO inspection area. Per USJFCOM and subordinate command instructions, Joint Personnel Recovery Agency (JPRA) and Joint Systems Integration Command (JSIC) conducted annual Intelligence Oversight training during the second quarter.

   b) (U) USSTRATCOM IG reports no questionable oversight activities and no inspections of groups with IO programs were conducted during this time period. Refresher training for all personnel in an IO program was conducted as directed by the Deputy Secretary of Defense's memo dated 13 January 2006.

   c) (U) USEUCOM IG reports two inspectors from the Office of the Assistant to the Secretary of Defense for Intelligence Oversight (ATSD/IO) inspected the IO program for HQ USEUCOM on 27 March 2006 and found no major discrepancies; however, they suggested several improvements to the IO program and its training materials. Intelligence oversight training included: initial briefing: 189; refresher briefings: 873. EUCOM J2 conducted a self-inspection, at Joint Analysis Center, SHAPE Survey, 169 personnel were interviewed and no materials were inspected. The EUCOM IG plans to inspect Northern Region Joint Operations Intelligence Center (NRJOIC) next quarter.
d) (U) USSOUTHCOM IG reports no significant intelligence activity identified which is reasonably believed to be illegal or contrary to Executive Order 12333, DoD directives or USSOUTHCOM regulations. Training: automated e-mail is generated at senior level and is sent to all personnel who are required to undergo training during that month. In October 05, a comprehensive review of the database was done to see who was overdue for training. Those identified were personally directed to complete the training. Files reviewed: 20% of files reviewed with no deficiencies noted.

(1) (U) Joint Task Force Bravo (JTF Bravo) - negative report submitted.

(2) (U) Special Operation Command South (SOCSEO-J2) - negative report submitted.

(3) (U) Joint Interagency Task Force-South (JIATF-J2 CI) - significant oversight activities for this quarter include training of newly arriving personnel assigned to intelligence activities.

(4) (U) Joint Task Force - GTMO, Guantanamo Bay, Cuba - Training: web-based IO training was sent out in a Mission Support Order (MSO) by the JTF-GTMO Chief of Staff in 28 Jan 2006. It was accomplished by all JTF-GTMO intelligence personnel by 31 Jan 2006. Intelligence Oversight training is now conducted by the JTF-GTMO Command Security Manager at all the Newcomer’s briefings. Additionally, IO summary cards are distributed to all JTF-GTMO personnel. Inspection: SOUTHCOM IG conducted an inspection of the JTF-GTMO Intelligence Oversight Program. All discrepancies have been closed. Files review: Approximately 10% (intelligence) personnel turnover and reassignment recently occurred.

e) (U) USPACOM IG reports no IO violations this quarter. Training: all reporting commands are conducting indoctrination and refresher training. Inspections/Staff Assistance Visits (SAVS): to ensure compliance with applicable laws and regulations, IO file custodians in JIATF-West reviewed their files containing information on U.S. persons.

f) (U) USCENTCOM IG reports no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB, FL are receiving initial intelligence oversight training.

g) (U) USSOCOM IG reports no violations of applicable laws, orders, directives, regulations, or DoD policies.

h) (U) USTRANSCOM IG reports no IO incidents this quarter. The Deputy Inspector General (TDIG) and Chief, Civil and Fiscal Law (TNGA), conducted the USTRANSCOM IO program quarterly inspection with the Naval Reserve Intelligence Unit, Joint Intelligence Center - US Transportation Command (JISCTRANS 0169) on 4 March 2006. The inspection consisted of a review of
the JICTRANS 0169 IO program administration, to include required annual IO training for JICTRANS 0169 personnel, and an evaluation of the effectiveness of training. 100% of available JICTRANS 0169 personnel received annual IO refresher training in February 06. All personnel evaluated demonstrated appropriate IO knowledge. There are three JICTRANS 0169 deployed personnel who have received initial IO training and will receive annual IO refresher training upon their return.

i) (U) USNORTHCOM IO reports no intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or DoD directives concerned with IO for USNORTHCOM or its subordinate joint commands. The N/NC IO completed IO inspections of the N-NC J2 and JTF-AK. Both inspected units were well versed in their duties and responsibilities, understanding constitutional constraints, and the laws and directives, which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by IO guidance or acquired on non-DoD persons. Their programs are sound with only minor recommendations for improvement. Training: All NORAD/USNORTHCOM Intelligence Directorates have conducted the mandatory remedial IO training in compliance with the SECDEF Memo dated: 13 Jan 2006. Personnel trained in the command is 99%. There are three cases of non-compliance due to personnel not being available for training (OCONUS, TDY and maternity leave). All efforts will be made to reach 100%. Suggestions for improvement: N-NC J2 submitted one input: “New database information review processes have been adopted to ensure repositories have effective and follow-up assessments concerning the need to retain certain information.”

2. Significant Intelligence Oversight (IO) Activities

   a. The N/NC IG completed IO Inspections of the N-NC J2 and JTF-AK. Both inspected units were well versed in their duties and responsibilities, understanding constitutional constraints, and the laws and directives which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by Intelligence Oversight guidance or acquired on non-DoD persons. Their programs are sound with only minor recommendations for improvement.

   b. Training: All NORAD/USNORTHCOM Intelligence Directorates and JTF's have conducted the mandatory remedial IO training in compliance with the SECDEF Memo dated: 13 January 2006. The percentage of personnel trained in the command is 99.9%. There are three cases of non-compliance due to personnel not being available for training (OCONUS TDY and maternity leave). All efforts will be made to reach 100% as soon as possible.

   c. Suggestions for Improvement: N-NC J2 submitted one input: "New database information review processes have been adopted to ensure our repositories have effective follow-up assessments concerning the need to retain certain information."

MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

Subject: Intelligence Oversight (IO) Report for Third Quarter FY06

a) (U) USJFCOM IG reports no illegal or improper intelligence activity has been identified. Significant Intelligence Oversight (IO) activities taken: The Joint Warfighting Center (JWFC) insured that imagery used for upcoming exercises complied with appropriate IO standards. Per USJFCOM and subordinate command instructions, the Joint Transformation Command for Intelligence (JTC-I) conducted IO training for all newly reporting personnel. The training is incorporated into the command’s indoctrination program. The standing Joint Force Headquarters (SJFHQ) conducted refresher training during the third quarter.

b) (U) USSTRATCOM IG reports no questionable oversight activities and no inspections of groups with IO programs were conducted during this time period. IO inspections were conducted for the programs covering the J36, National Airborne Operation Center, intelligence personnel and J211/J221 Foreign Disclosure and Special Security Office/Counterintelligence Staff Office.

c) (U) USEUCOM IG has no violations to report. In conjunction with two representatives from the Office of the Assistant to the Secretary of Defense for Intelligence Oversight (ATSD/IO), HQ USEUCOM IG conducted inspections of the US National Intelligence Cell-Sarajevo (USNIC-S), US National Intelligence Cell- Pristina (USNIC-P), and Northern Region Joint Operational Intelligence Center (NRJOIC). Intelligence oversight training included: initial briefing: 172; refresher briefings: 753. EUCOM J2 conducted a self-inspection, at Joint Analysis Center, SHAPE Survey, USNIC-S and USNIC-P. 157 personnel were interviewed and no materials were inspected.
d) (U) **USSOUTHCOM IG** reports no significant intelligence activity identified which is reasonably believed to be illegal or contrary to Executive Order 12333, DoD directives or USSOUTHCOM regulations. Training: automated e-mail is generated at the server level and is sent to all personnel who are required to undergo training during that month. In April 06, a comprehensive review of the database was done to see who was overdue for training. Those identified were personally directed to complete the training. Files reviewed: 10% of files reviewed with no deficiencies noted.

(1). (U) Joint Task Force Bravo (JTF Bravo) – negative report submitted. Significant changeover of base senior leadership has occurred in June 06. All new Commanders and Deputies have been trained on IO programs.

(2). (U) Special Operation Command South (SOCSO-J2) – negative report submitted.

(3). (U) Joint Interagency Task Force-South (JIATF-J2 CI) – significant oversight activities for this quarter include training of newly arriving personnel assigned to intelligence activities.

(4). (U) Joint Task Force – GTMO, Guantanamo Bay, Cuba – Publications: Summary cards were found on file. JTF-GTMO IO SOP and IO training briefs were found on file. Inspection: SOUTHCOM IG conducted a Staff Assistance Visit with no major findings. Files review: Approximately 10% (intelligence) personnel turnover and reassignment recently occurred.

e) (U) **USPACOM IG** reports no IO violations this quarter. Training: all reporting commands are conducting indoctrination and refresher training. Inspections/Staff Assistance Visits (SAVS): to ensure compliance with applicable laws and regulations, IO file custodians in JIATF-West reviewed their files containing information on U.S. persons.

f) (U) **USCENTCOM IG** reports no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB, FL are receiving initial intelligence oversight training.

g) (U) **USSOCOM IG** reports no violations of applicable laws, orders, directives, regulations, or DoD policies.

h) (U) **USTRANSCOM IG** reports no IO incidents this quarter. The USSTRANSCOM Inspector General (TCIG) and the Office of Staff Judge Advocate (TCJA), conducted the USTRANSCOM IO program quarterly inspection in the USTRANSCOM Joint Intelligence Center in coordination with the TCJ2 IO Program Monitor on 1 June 2006. The inspection consisted of a
review of the TCJ2 IO program administration, to include required annual IO training for TCJ2 personnel, and an evaluation of the effectiveness of training. 98% of TCJ2 personnel have received initial/annual IO refresher training. All personnel evaluated demonstrated appropriate IO knowledge. There are three employees deployed and one on extended medical leave who will complete IO refresher training upon their return.

i) (U) USNORTHCOM IG reports no intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or DoD directives concerned with IO for USNORTHCOM or its subordinate joint commands. The NORAD/USNORTHCOM (N-NC) IG completed IO inspections of the SJFFHQ-N and JTF-CS. Both inspected units were well versed in their duties and responsibilities, understanding constitutional constraints, and the laws and directives, which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by IO guidance or acquired on non-DoD persons. Their programs are sound with only minor recommendations for improvement. Training: All NORAD/USNORTHCOM Intelligence Directorates and JTF’s have conducted the mandatory remedial IO training in compliance with the SECDEF Memo dated: 13 Jan 2006. 99.9% of the personnel in the command are trained. All efforts will be made to reach 100%. Suggestions for improvement: All N-NC Intelligence Directorates and JTF’s have implemented more frequent database information review processes (30-60 day reviews) to ensure data repositories have effective follow-up assessments concerning the need to retain various forms of information.

MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

Subject: Intelligence Oversight (IO) Report for Fourth Quarter, FY-06

   a) USCENTCOM IG reports no questionable intelligence activities during this reporting period. Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB, FL are receiving initial intelligence oversight training.

   b) USEUCOM IG reports no IO violations during this quarter. Intelligence oversight training included: initial briefing: 335; refresher briefings: 785. EUCOM J2 conducted a self-inspection at the Joint Analysis Center, SHAPE Survey, USNIC (Sarajevo) and USNIC (Pristina); there were 203 personnel interviewed and no materials were inspected.

   c) USJFCOM IG reports that no illegal or improper intelligence activity has been identified. Significant Intelligence Oversight (IO) activities taken: The JFCOM/J2 established a computer based IO awareness training module on each SIPRNET computer under the Training menu of the Network Applications area and IO awareness training on the unclassified IRIS area. The JFCOM/J9 identified intelligence oversight as a training issue for DoD participation in Noble Resolve. The concern is the potential detailed modeling of US citizens and corporations stored in a database for DoD purposes. The J9 Legal Advisor agreed to provide training to the J9 planners and participants to insure compliance with DODD 5240.1 and USJFCOMINIST 5240.1C. The training is scheduled to take place in the first quarter of FY 07.
d) **USNORTHCOM** The N-NG IG conducted an IO Inspection of JFHQ-NCR/MDW on 3 August that resulted in the identification of procedural problems pertaining to the development and dissemination of intelligence products containing US Persons information. Details of the inspection are contained in the N-NC Intelligence Oversight Inspection report IO 06-08. In response to the inspection report, JFHQ-NCR/MDW J32’s Corrective Action Report was completed on 04 Oct 06. No other intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense directives concerned with Intelligence Oversight for USNORTHCOM or its subordinate joint commands.

Significant IO Activities: the N-NC IG completed IO inspections of JTF-N and JFHQ-NCR/MDW. JTF-N was well versed in their duties and responsibilities, understanding constitutional constraints, and the laws and directives which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by IO guidance or acquired on non-DoD persons. They have a strong program, with only minor recommendations for improvement. Training: all N-NC Intelligence Directorates and JTF’s have conducted initial and refresher training for personnel. The percentage of personnel trained in the command is currently 100%, and all efforts are being made to maintain this level. Suggestions for Improvement: all N-NC Intelligence Directorates and JTFs have implemented more frequent database information review processes (30-60 day reviews) to ensure data repositories have effective follow-up assessments concerning the need to retain various forms of information.

e) **USPACOM IG** reports no IO violations this quarter. Training: all reporting commands are conducting indoctrination and refresher training.

Inspections/Staff Assist Visits (SAVS): to ensure compliance with applicable laws and regulations, IO file custodians in JIATF-West reviewed their files containing information on U.S. persons.

f) **USSOUTHECOM IG** reports no significant intelligence activity identified which is reasonably believed to be illegal or contrary to Executive Order 12333, DoD directives or USSOUTHECOM regulations. Training: automated e-mail is generated at server level and is sent out monthly to all personnel who are required to undergo training during that month.

2. Special Operation Command South (SOCSO-J2) – negative report submitted.

3. Joint Interagency Task Force-South (JIATF-S J2 CI) – significant oversight activities for this quarter include: training of newly
arriving personnel assigned to intelligence activities; monitoring JIATF-S WebTas Program to insure U.S. person data meets authorized retainability under JIATFS mission allowing for the collection of information regarding international drug trafficking. Reviewed all U.S. persons in WebTas and either eliminated them or left them in because of sustaining information. The database is current with known traffickers and persons with prior criminal history.

(4). Joint Task Force, Guantanamo Bay, Cuba (JTF-GTMO) – negative report submitted. In Aug 06 SOUTHCOM IG conducted an inspection of JTF-GTMO IO program and no discrepancies were noted. Training: All JTF personnel receive IO training during in processing into the JTF.

g) USSOCOM IG reports no violations of applicable laws, orders, directives, regulations, or DoD policies.

h) USSTRATCOM IG reports no questionable oversight activities. No IO inspections were conducted during this period. Annual USSTRATCOM IO inspections are scheduled to be completed in the 1st quarter of FY 07.

i) USTRANSCOM IG reports no IO questionable activities or violations reported this quarter. The USTRANSCOM Inspector General (TCIG) and Office of the Staff Judge Advocate (TCJA) conducted the USTRANSCOM IO program quarterly inspection of the Joint Reserve Directorate (TCJ9)/Joint Transportation Reserve Unit (JTRU), in coordination with the IO Program Monitor on 9 September 2006. The inspection consisted of a review of IO program administration, to include the required initial/annual IO training for TCJ9/JTRU personnel, and an evaluation of the effectiveness of the IO training. Currently, 100% of assigned personnel are trained and all personnel evaluated demonstrated appropriate IO knowledge. There are two personnel deployed from the unit, but they have received annual IO refresher training.

Subject: U.S. Joint Forces Command (USJFCOM) Intelligence Oversight Report for the Fourth Quarter FY-06

1. Illegal or improper activities:

   No intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense instructions concerned with intelligence oversight.

2. Significant Intelligence Oversight (IO) activities taken:

   a. USJFCOM/J2 established a computer based intelligence oversight awareness training module on each SIPRNET computer under the Training menu of the Network Applications area and intelligence oversight awareness training on the unclassified IRIS area.

   b. J9 identified intelligence oversight as a training issue for DOD participation in Noble Resolve. The concern is the potential detailed modeling of US citizens and corporations stored in a database for DOD purposes. The J9 Legal Advisor, (b)(6) agreed to provide training to the J9 planners and participants to insure compliance with DODD 5240.1 and USJFCOMINST 5240.1C. FROM: NORAD-USNORTHCOM/Inspector General

SUBJECT: US NORTHERN COMMAND (USNORTHCOM) Intelligence Oversight Report for Fourth Quarter FY06

1. Illegal or Improper Activities

The N-NC IG conducted an Intelligence Oversight (IO) Inspection of JFHQ-NCR/MDW on 3 August that resulted in the identification of procedural problems pertaining to the development and dissemination of intelligence products containing US Persons information. Details of the inspection are contained in N-NC Intelligence Oversight Inspection report IO Inspection 06-08. In response to the inspection report, JFHQ-NCR/MDW J32's Corrective Action Report was completed on 04 Oct 06 (attachment one). No other Intelligence activity has been identified which is reasonably believed to be illegal or contrary to Executive Order or Department of Defense directives concerned with Intelligence Oversight for USNORTHCOM or its subordinate joint commands.

2. Significant Intelligence Oversight Activities

   a. The N-NC IG completed Intelligence Oversight Inspections of JTF-N and JFHQ-NCR/MDW. JTF-N was well versed in their duties and responsibilities, understanding constitutional constraints, and the laws and directives which govern the collection, dissemination and storage of sensitive information, especially that data which is constrained by Intelligence Oversight guidance or acquired on non-DoD persons. Their program is very strong, with only minor recommendations for improvement. JFHQ-NCR/MDW was discussed in Paragraph 1 above.

   b. Training: All N-NC Intelligence Directorates and JTFs have conducted initial and refresher training for personnel. The percentage of personnel trained in the command is currently 100%, and all efforts will be made to maintain this level.

   c. Suggestions for Improvement: All N-NC Intelligence Directorates and JTFs have implemented more frequent database information review processes (30-60 day reviews) to ensure data repositories have effective follow-up assessments concerning the need to retain various forms of information.

MEMORANDUM FOR THE JOINT STAFF, OFFICE OF THE INSPECTOR GENERAL

FROM: TCIG

SUBJECT: 4th QUARTER, FY06, Intelligence Oversight (IO) Inspection Report

1. USTRANSCOM Inspector General (TCIG) and Office of the Staff Judge Advocate (TCJA) conducted the USTRANSCOM IO program quarterly inspection of the Joint Reserve Directorate (TCJ9)/Joint Transportation Reserve Unit (JTRU), in coordination with Maj Michael Peters, IO Program Monitor, on 9 September 2006.

2. The inspection consisted of a review of IO program administration, to include required initial/annual IO training for TCJ9/JTRU personnel, and an evaluation of the effectiveness of the IO training. Currently 100% of assigned personnel are trained and all personnel evaluated demonstrated appropriate IO knowledge. There are two personnel deployed from the unit, but they have received annual IO refresher training.

MEMORANDUM FOR THE ASSISTANT TO THE SECRETARY OF DEFENSE
(INTELLIGENCE OVERSIGHT)

1. Below is a consolidated summary of all Combatant Commands (COCOMs) Intelligence Oversight (IO) Reports for the First Quarter, FY-07. Attached are all COCOM reports for further information. All COCOMs report there were no questionable intelligence violations during this reporting period. Also Service Components will report IO information through their Military Services.

   a) USEUCOM IG: Intelligence oversight training included 67 initial and 24 refresher briefings. A draft version of EUCOM Staff Memorandum 40-2, Intelligence Oversight is in the HQ for review. Additionally, the Joint Analysis Center, submitted a proposal requesting sharing open-source counterintelligence news articles with counterparts from other nations. This action is in the HQ for review.

   b) USEUCOM IG: Augmentation forces for Operation ENDURING FREEDOM assigned to USCENTCOM at MacDill AFB are receiving initial intelligence oversight training. During this training, the J2 conducted periodic spot checks and did not find any questionable information had been collected or retained.

   c) USJFCOM IG: At least 84% of the SJFHQ personnel in intelligence related positions have completed intelligence oversight refresher training. A training plan is in place to train the remaining personnel. The USJFCOM IG conducted a unit command inspection of the Joint Communication Support Element (JSCE) in Tampa, Florida that included intelligence oversight. This organization’s inspection was satisfactory.

The J9 identified intelligence oversight concern in the Noble Resolve and Unified Quest exercises that involves the storage, sharing and modeling of U.S. citizens, corporations, assets and infrastructure, for DoD purposes. These concerns were addressed with the J9 legal advisor as a legal and training issue for DoD participation. Legal guidance was provided to ensure compliance with all appropriate regulations.
d) **USNORTHCOM**: The N-NC IG completed IO inspections of SJFHQ-N and N-NCJ2. Both organizations' programs are very strong. The re-inspection of JFHQ-NCR/MDW was also conducted during this quarter and they received satisfactory results. All N-NC Intelligence Directorates and subordinate commands have conducted initial and refresher training for personnel. All N-NC Intelligence Directorates and subordinate commands have implemented more frequent database information review processes. N-NC Instruction 14-103 (Intelligence Oversight) is expected to be published in 2nd Quarter FY07.

N-NC is still awaiting a close-out letter from ATSD (IO) reference the Procedure 15 Investigation conducted on JFHQ-NCR/MDW during 3rd QTR FY06.

e) **USPACOM IG**: All reporting commands conduct initial and refresher annual training this quarter. JIATF-West reviewed their files containing information on U.S. Persons to ensure compliance with applicable laws and regulations.

f) **USSOUTHCOM IG**: Automated training notifications go out monthly as a reminder to all personnel who are required to undergo training during that month. Joint Task Force Bravo (JTF Bravo), Special Operation Command South (SOCJS-J2), Joint Interagency Task Force-South (JATF-S-J2 CI), and Joint Task Force, Guantanamo Bay, Cuba (JTF-GTMO) all submitted a negative report to any violation of IO.

g) **USSOCOM IG**: There were no IO inspections conducted during this quarter. The USSOCOM SCSO-J2 continues to operate the Intelligence Oversight Training Program through a computer based program.

h) **USSTRATCOM IG**: This was the first time the USSTRATCOM IG inspected a geographically separated Joint Functional Component Command and a Joint Task Force (JTF) IO program. All inspected organizations displayed effective IO programs with no deficiencies identified. Overall, the personnel interviewed during these inspections displayed outstanding knowledge of DoD IO program requirements. In each organization, the IG found effective IO training programs, to include initial training and recurring refresher training. The reason this was the first time for these inspections is because these organizations are relatively new and we wanted to allow them to establish their IO programs before inspecting them. Inspections of other geographically separated USSTRATCOM organizations will continue during the remainder of FY07.

i) **USTRANSCOM IG (TCIG)**: No inspections were conducted this quarter. There are three distinct elements which provide Intelligence support within the USTRANSCOM headquarters: Intelligence Directorate (TCJ2), Joint Transportation Reserve Unit (JTRU), Joint Transportation Intelligence
Operations Center (JIOCTRANS 0169). TCIG conducts annual IO inspections on these elements throughout the fiscal year. Each of these elements are providing excellent training and personnel assigned have demonstrated a sound understanding of the policies and reporting requirements. Most government service civilian personnel assigned to the intelligence elements at USTRANSCOM will become Defense Intelligence Agency (DIA) employees in the near future. TCIG has already contacted DIA/IG to discuss the possibility of conducting “joint” IO inspections in the future. In FY07, TCIG will update the current USTRANSCOM Intelligence Oversight Program to incorporate changes to the command structure and CJCSI 5901.

j. The Joint Staff Deputy Inspector General updated CJCSI 5901.01A, Joint Staff IG Responsibilities, Procedures, and Oversight Functions on 3 Jan 07.
