AIRWORTHINESS STATEMENT

This COA application for the AUAV Galah has been reviewed on behalf of the Avionics Engineering Center at Ohio University in accordance with the operations and maintenance program titled "Galah Inspection and Log Procedures" (note: this program has been developed at Ohio University and is included in the attached file "Galah Procedures.doc") and has been determined to be airworthy to operate as specified in this application subject to the following restrictions: 1) operations shall be conducted only during daylight hours in visual meteorological conditions; 2) flight trajectories shall always keep the aircraft within line-of-sight of both the pilot and observer and at or below 500 feet height above ground level.

Signed,

Michael S. Braasch, Ph.D., P.E.
Neil D. and Bernice E. Thomas Professor
Director of the Avionics Engineering Center,
School of Electrical Engineering and Computer Science
Ohio University
