

10.8.27.3(1) (11-30-2007)
Specific Requirements

1. Employees are specifically prohibited from inappropriate internet usage such as participation in: gambling, pornography, personal communication on social networking sites, peer-to-peer (P2P) file sharing, downloading unauthorized programs or software, and other activities that open IRS information or information systems to security risks. Specific examples are referenced in *Exhibit 10.8.27-1, Prohibited Uses of Government IT Resources*.
